The author of *Desiring the Highlander* “entertains with noble self-sacrifice, double deceptions, sizzling attraction, and affectionate meddling” (Publishers Weekly). Of the seven bold brothers born to defend their Scottish Highlands, Crevan McTiernay is the most restrained. But that doesn’t make him any less passionate . . . It Begins as a Ploy . . . When Raelynd Schellden and her sister are caught in the stables with the notorious McTiernay twins, her father sees not scandal, but opportunity. The future of his clan is uncertain, and a double engagement—even under false pretenses—will lend security to his people and protect his beloved daughters from power-mad fools. . . . and Becomes a Pleasure But Raelynd’s designated intended interests her far less than his quietly powerful brother Crevan, a man born to lead. Though bound by honor and committed to his sworn duty, Crevan cannot resist a taste of Raelynd’s crimson lips when offered—and then another and another—until the unlikely couple is entangled in both a public deception and each other’s hearts . . . “A delightful Scottish romp with an array of characters I couldn’t help liking, even the supposed villain turns out to be a charmer. Tempting the Highlander is one those cozy reads that leaves a smile on your face at the end of the book.”—Fresh Fiction “Reading like a delightful Shakespearean comedy, Sinclair’s latest has humor, passion and sexual tension.”—RT Book Reviews

When she is kidnapped by her people’s sworn enemy, Highland warrior Duncan MacLean, bride-to-be Lady Amelia Sutherland is drawn to this tortured man who is using her as a pawn in a dangerous game of vengeance and war. “A true master class in the art of making the impossible possible.” —Paul Polman

One of the most vexing human rights issues of our time has been how to protect the rights of individuals and communities worldwide in an age of globalization and multinational business. Indeed, from Indonesian sweatshops to oil-based violence in Nigeria, the challenges of regulating harmful corporate practices in some of the world’s most difficult regions long seemed insurmountable. Human rights groups and businesses were locked in a stalemate, unable to find common ground. In 2005, the United Nations appointed John Gerard Ruggie to the modest task of clarifying the main issues. Six years later, he had accomplished much more than that. Ruggie had developed his now-famous “Guiding Principles on Business and Human Rights,” which provided a road map for ensuring responsible global corporate practices. The principles were unanimously endorsed by the UN and embraced and implemented by other international bodies, businesses, governments, workers’ organizations, and human rights groups, keying a revolution in corporate social responsibility. *Just Business* tells the powerful story of how these landmark “Ruggie Rules” came to exist. Ruggie demonstrates how, to solve a seemingly unsolvable problem, he had to abandon many widespread and long-held understandings about the relationships between businesses, governments, rights, and law, and develop fresh ways of viewing the issues. He also takes us through the journey of assembling the right type of team, of witnessing the severity of the problem firsthand, and of pressing through the many obstacles such a daunting endeavor faced. *Just Business* is an illuminating inside look at one of the most important human rights developments of recent times. It is also an invaluable book for anyone wanting to learn how to navigate the tricky processes of global problem-solving and consensus-building and how to tackle big issues with ambition, pragmatism, perseverance, and creativity. Complete step-by-step repair and maintenance information, 700+ photos, and wiring diagrams all based on a full disassembly and reassembly of the vehicle.

She's horrified to learn that the handsome stranger she kissed is of this clan. But Tristan means to possess her at any cost and Isobel's body turns traitor at his touch. Original. (Advanced) Alistair Urquhart was a soldier in the Gordon Highlanders, captured by the Japanese in Singapore. Forced into manual labor as a POW, he survived 750 days in the jungle working as a slave on the notorious "Death Railway" and building the Bridge on the River Kwai. Subsequently, he moved to work on a Japanese "hellship," his ship was torpedoed, and nearly everyone on board the ship died. Not Urquhart. After five days adrift on a raft in the South China Sea, he was rescued by a Japanese whaling ship. His luck would only get worse as he was taken to Japan and forced to work in a mine near Nagasaki. Two months later, he was just ten miles from ground zero when an atomic bomb was dropped on Nagasaki. In late August 1945, he was freed by the American Navy—a living skeleton—and had his first wash in three and a half years. This is the extraordinary story of a young man, conscripted at nineteen, who survived not just one, but three encounters with death, any of which should have probably killed him. Silent for over fifty years, this is Urquhart's inspirational tale in his own words. It is as moving as any memoir and as exciting as any great war movie. Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to "talk" due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been "talking," he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. "Bill Cooper is the world's leading expert on UFOs." -- Billy Goodman, KVEG, Las Vegas. "The onlt man in America who has all the pieces to the puzzle that has troubled so many for so long." -- Anthony Hilder, Radio Free America "William Cooper may be one of America's greatest heros, and this story may be the biggest story in the history of the world." -- Mills Crenshaw, KTALK, Salt Lake City. "Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands." -- William Cooper, October 24, 1989.
