The Passions Aug 08 2021 A survey of astonishing breadth and penetration. No cognitive neuroscientist should ever conduct an experiment in the domain of the emotions without reading this book, twice.

Parashkev Nachev, Institute of Neurology, UCL There is not a slack moment in the whole of this impressive work. With his remarkable facility for making fine distinctions, and his commitment to lucidity, Peter Hacker has subtly characterized those emotions such as pride, shame, envy, jealousy, love or sympathy

which make up our all too human nature. This is an important book for philosophers but since most of its illustrative material comes from an astonishing range of British and European literature, it is required reading also for literary scholars, or indeed for anyone with an interest in understanding who and what we are. David Ellis, University of Kent Human beings are all subject to boundless flights of joy and delight, to flashes of anger and fear, to pangs of sadness and grief. We express our emotions in what we do, how we act, and what we say, and we can share our emotions with others and respond sympathetically to their feelings. Emotions are an intrinsic part of the human condition, and any study of human nature must investigate them. In this third volume of a major study in philosophical anthropology which has spanned nearly a decade, one of the most preeminent living philosophers examines and reflects upon the nature of the

emotions, advancing the view that novelists, playwrights, and poets - rather than psychologists and cognitive neuroscientists - elaborate the most refined descriptions of their role in human life. In the book's early chapters, the author analyses the emotions by situating them in relation to other human passions such as affections, appetites, attitudes, and agitations. While presenting a detailed connective analysis of the emotions, Hacker challenges traditional ideas about them and criticizes misconceptions held by philosophers, psychologists, and cognitive neuroscientists. With the help of abundant examples and illustrative quotations from the Western literary canon, later sections investigate, describe, and disentangle the individual emotions - pride, arrogance, and humility; shame, embarrassment, and guilt; envy and jealousy; and anger. The book concludes with an analysis of love, sympathy, and empathy as sources of absolute value and the roots of morality.

A masterful contribution, this study of the passions is essential reading for philosophers of mind, psychologists, cognitive neuroscientists, students of Western literature, and general readers interested in understanding the nature of the emotions and their place in our lives.

Chivalry Is Not Dead Jun 06

2021 This book is for those who appreciate Chivalry. It's also for those who really don't know what Chivalry is. "Chivalry is not dead", is a journey through lessons that inspire the betterment of men of all cultures. Ricardo Braggs has captured the true essence of Chivalry, Romance, and how you are supposed to treat a woman. He also has touched on topics that will reach the hearts and minds of the young male. Passages such as "Chivalry is important because in life you have one thing from the time you're born until the time you're dead, and that's your name. How do you want to

be remembered when someone says your name? Chivalry, Romance, and an ability to honestly show how you feel will take your name farther than you've ever known." Young males of today will certainly have a clear and concise understanding of what it really means to be a good man.

A Knight's Own Book of

Heroism and Passion in

Literature Mar 15 2022 This volume, prompted by the publication in 1999 of Moya Longstaffe's remarkable study, *Metamorphoses of Passion and the Heroic in French*

Literature: Corneille, Stendhal, Claudel, further investigates and analyses the multiple appearances of Passion and Heroism in literature. It pursues the exploration of these themes in a variety of cultures (English, French, German, Spanish), genres, and critical approaches. In addition, the chronological span represented is extremely wide. Contributions range from La Fontaine, Molière and Voltaire to Rimbaud and Camus; from Baudelaire to Beckett; from Wagner to Goytisolo. This very diversity gives necessary context, providing scope for reflection and analysis. Although passion seems timeless, can heroism have any real meaning - apart from an individual and existential one - in our postmodern age? Has a notion at the centre of European culture for so many centuries really disappeared from our intellectual and cultural universe? This volume will be of interest to all students of literature, whatever their critical or linguistic allegiance,

since it focuses on the varying manifestations of two vital ingredients of all societies and cultures.

Gardens and the Passion for the Infinite Nov 11 2021

What essentially is a garden? Is it a small plot of land that we put aside to cultivate our favorite vegetables or to grow flowers for our personal enjoyment? Or is it a symbol, a mirror, a reflection of our human passions? The topic of the present volume is the mysterious ways in which Imaginatio Creatix plays within the human ingrownness in natural life, transposing dreams, nostalgias, and enchantments.

The Miscellaneous Prose Works of Sir Walter Scott, Bart: Chivalry, romance, the drama Nov 30 2020

Courtiers Nov 23 2022 In the eighteenth century, the palace's most elegant assembly room was in fact a bloody battlefield. This was a world of skulduggery, politicking, wigs and beauty-spots, where fans whistled open like flick-knives. Ambitious and talented people

flocked to court of George II and Queen Caroline in search of power and prestige, but Kensington Palace was also a gilded cage. Successful courtiers needed level heads and cold hearts; their secrets were never safe. Among them, a Vice Chamberlain with many vices, a Maid of Honour with a secret marriage, a pushy painter, an alcoholic equerry, a Wild Boy, a penniless poet, a dwarf comedian, two mysterious turbaned Turks and any number of discarded royal mistresses. An eye-opening portrait of a group of royal servants, *Courtiers* also throws new light on the dramatic life of George II and Queen Caroline at Kensington Palace. [Cavalier](#) Feb 26 2023 From the Chief Curator of the Historic Royal Palaces in England, a vivid and captivating portrait of a seventeenth-century nobleman, his household, and the dramatic decades surrounding the English Civil War. William Cavendish embodied the popular image of a cavalier. He was both courageous and cultured. His

passions were architecture, horses, and women. And, along with the whole courtly world of King Charles I and his cavaliers, he was doomed to failure. This is the story of one remarkable man, but it is also a rich evocation of what sustained him-his elaborate household. In this accessible narrative history, Lucy Worsley brings to life the complex and fascinating hierarchies among the inhabitants of the great houses of the seventeenth century, painting a picture of conspiracy, sexual intrigue, clandestine marriage, and gossip. From Ben Jonson and Anthony Van Dyck to long-forgotten servants, Cavalier recreates the cacaphony, stink, ceremony, and splendor of the stately home and its inhabitants.

Passion's Blood Jul 19 2022
Telling the saga of flame-haired beauty Lady Leanna and her betrothed, Prince Emric, this lavishly illustrated medieval novella features 34 full-color paintings to deliver the full impact of the story.

A Very British Murder Mar 03

2021 This is the story of a national obsession. Ever since the Ratcliffe Highway Murders caused a nation-wide panic in Regency England, the British have taken an almost ghoulish pleasure in 'a good murder'. This fascination helped create a whole new world of entertainment, inspiring novels, plays and films, puppet shows, paintings and true-crime journalism - as well as an army of fictional detectives who still enthrall us today. *A Very British Murder* is Lucy Worsley's captivating account of this curious national obsession. It is a tale of dark deeds and guilty pleasures, a riveting investigation into the British soul by one of our finest historians.

My Name Is Victoria Dec 20

2019 'You are my sister now,' Victoria said, quietly and solemnly. 'Never forget it. I love you like a sister, and you are my only friend in all the world.' Miss V. Conroy is good at keeping secrets. She likes to

sit as quiet as a mouse, neat and discreet. But when her father sends her to Kensington Palace to become the companion to Princess Victoria, Miss V soon finds that she can no longer remain in the shadows. Miss V's father has devised a strict set of rules for the young princess, which he calls the Kensington System. It governs her behaviour and keeps her locked away from the world. He says it is for the princess's safety, but Victoria herself is convinced that it is to keep her lonely, and unhappy. Torn between loyalty to her father and her growing friendship with the wilful and passionate Victoria, Miss V has a decision to make: to continue in silence, or to speak out. By turns thrilling, dramatic and touching, this is the story of Queen Victoria's childhood as you've never heard it before. *A Knight's Trail* Apr 04 2021 An exceptional collection of stories delivered in an illustrated thematic book of poetry. Grab your longbow and quiver, saddle your horse, and ride into the days of our

ancient past. Relive the age of kings, queens, wizards, battles and magic. Experience this epic tale of chivalry, passion and adventure. Begin the quest and uncover the treasures inside.

The Age of Chivalry Dec 24 2022 DigiCat Publishing presents to you this special edition of "The Age of Chivalry" by Thomas Bulfinch. Lose Your Cool, Revised and Expanded Edition Sep 09 2021

You don't love a mocha the same way that you love Jesus.

As a teen today, you probably have plenty of interests and plenty to plug into. In the midst of the constant

stimulus—activities, media, text messages, and social networking—activist and fellow teenager Zach Hunter asks:

What consumes the bulk of your time? How do you zero in on what really matters? Zach

wrote this book to share powerful inspiration from the lives of others and to promote his steadfast belief that his generation is capable of great things—actions that may

require shedding conventional notions of what is cool and important—and of choices that

can heat up, ignite, and stoke the flames of a deeper passion, the kind of passion that changes the world. Are you ready to lose your cool?

The History of Chivalry: Knighthood and Its Times

(Vol.1&2) May 17 2022 The History of Chivalry: Knighthood and Its Times is a two volume historical work by English historian Charles Mills. It is an account of the development of chivalry and knighthood in medieval Europe through the ages, with the reference to the merits and effects that they had on modern day warfare and military.

In the Days of Chivalry Jul 07 2021 This book is part of the TREDITION CLASSICS series. The creators of this series are united by passion for literature and driven by the intention of making all public domain books available in printed format again - worldwide. At Tredition we believe that a great book never goes out of style. Several mostly non-profit literature projects provide content to Tredition. To support their good work, Tredition donates a portion of the proceeds from each sold copy. As a reader of a TREDITION CLASSICS book, you support our mission to save many of the amazing works of world literature from oblivion.

Behind the Mask of Chivalry
Feb 20 2020 On Thanksgiving night, 1915, a small band of hooded men gathered atop Stone Mountain, an imposing granite butte just outside Atlanta. With a flag fluttering in the wind beside them, a Bible open to the twelfth chapter of Romans, and a flaming cross to light the night sky above, William Joseph Simmons and his disciples proclaimed themselves the new

Knights of the Ku Klux Klan, named for the infamous secret order in which many of their fathers had served after the Civil War. Unsure of their footing in the New South and longing for the provincial, patriarchal world of the past, the men of the second Klan saw themselves as an army in training for a war between the races. They boasted that they had bonded into "an invisible phalanx...to stand as impregnable as a tower against every encroachment upon the white man's liberty...in the white man's country, under the white man's flag." Behind the Mask of Chivalry brings the "invisible phalanx" into broad daylight, culling from history the names, the life stories, and the driving passions of the anonymous Klansmen beneath the white hoods and robes. Using an unusual and rich cache of internal Klan records from Athens, Georgia, to anchor her observations, author Nancy MacLean combines a fine-grained portrait of a local Klan world with a penetrating analysis of

the second Klan's ideas and politics nationwide. No other right-wing movement has ever achieved as much power as the Ku Klux Klan of the 1920s, and this book shows how and why it did. MacLean reveals that the movement mobilized its millions of American followers largely through campaigns waged over issues that today would be called "family values": Prohibition violation, premarital sex, lewd movies, anxieties about women's changing roles, and worries over waning parental authority. Neither elites nor "poor white trash," most of the Klan rank and file were married, middle-aged, and middle class. Local meetings, or klonklaves, featured readings of the minutes, plans for recruitment campaigns and Klan barbecues, and distribution of educational materials--Christ and Other Klansmen was one popular tome. Nonetheless, as mundane as proceedings often were at the local level, crusades over "morals" always operated in the service of the Klan's larger agenda of virulent

racial hatred and middle-class revanchism. The men who deplored sex among young people and sought to restore the power of husbands and fathers were also sworn to reclaim the "white man's country," striving to take the vote from blacks and bar immigrants. Comparing the Klan to the European fascist movements that grew out of the crucible of the first World War, MacLean maintains that the remarkable scope and frenzy of the movement reflected less on members' power within their communities than on the challenges to that power posed by African Americans, Jews, Catholics, immigrants, and white women and youth who did not obey the Klan's canon of appropriate conduct. In vigilante terror, the Klan's night riders acted out their movement's brutal determination to maintain inherited hierarchies of race, class, and gender. Compellingly readable and impeccably researched, *The Mask of Chivalry* is an

unforgettable investigation of a crucial era in American history, and the social conditions, cultural currents, and ordinary men that built this archetypal American reactionary movement.
