The Greek Epic Cycle and its Ancient Reception Jan 09 2022 The poems of the Epic Cycle are assumed to be the reworking of myths and narratives which had their roots in an oral tradition predating that of many of the myths and narratives which took their present form in the Iliad and the Odyssey. The remains of these texts allow us to investigate diachronic aspects of epic diction as well as the extent of variation within it on the part of individual authors - two of the most important questions in modern research on archaic epic. They also help to illuminate the early history of Greek mythology. Access to the poems, however, has been thwarted by their current fragmentary state. This volume provides the scholarly community and graduate students with a thorough critical foundation for reading and interpreting them.

Why Jan 29 2021 Can drinking coffee help people live longer? What makes a stock's price go up? Why did you get the flu? Causal questions like these arise on a regular basis, but most people likely have not thought deeply about how to answer them. This book helps you think about causality in a structured way: What is a cause, what are causes good for, and what is compelling evidence of causality? Author Samantha Kleinberg shows you how to develop a set of tools for thinking more critically about causes. You'll learn how to question claims, identify

causes, make decisions based on causal information, and verify causes through further tests. Whether it's figuring out what data you need, or understanding that the way you collect and prepare data affects the conclusions you can draw from it, Why will help you sharpen your causal inference skills.

Something Borrowed, Someone Dead Jul 15 2022 Something Borrowed, Someone Dead continues the tradition in M. C. Beaton's beloved Agatha Raisin cozy mystery series—now a hit show on Acorn TV and public television. Gloria French was a jolly widow with dyed blonde hair, a raucous laugh and rosy cheeks. When she first moved from London to the charming Cotswolds hills, she was heartily welcomed. She seemed a do-gooder par excellence, raising funds for the church and caring for the elderly. But she had a nasty habit of borrowing things and not giving them back, just small things, a teapot here, a set of silverware there. So it's quite the shock when she is found dead, murdered by a poisoned bottle of elderberry wine. Afraid the murder will be a blight on the small town, Parish councillor, Jerry Tarrant, hires private detective Agatha Raisin to track down the murderer. But the village is secretive and the residents resent Agatha's investigation. Of course that doesn't stop the ever-persistent Agatha from investigating and sticking her nose where no one wants it—especially as the suspect list grows. And, as if it isn't enough that Agatha's ex has reentered the picture, the murderer is now targeting Agatha! With M.C. Beaton's Something Borrowed, Someone Dead the bossy, vain, and absolutely irresistible, Agatha Raisin continues to be a fan favorite.

Former Yugoslav Republic of Macedonia Feb 27 2021 This Selected Issues paper analyzes export competitiveness in the Former Yugoslav Republic of Macedonia (FYR Macedonia). Export performance in FYR Macedonia has been strong over the last decade, critically contributing to overall growth. Exports have been re-oriented toward new products with higher technological content, allowing for the build-up of revealed comparative advantages in these products. The analysis based on Constant Market Share analysis shows that the overall competitiveness gap of FYR Macedonia with respect to other emerging European countries has narrowed. There appears to be significant room for quality improvement, including for the most successful export products. Although the contribution of exports to GDP growth has been significant, spillover into the domestic tradable sector from the foreign investment led export sector remains limited so far.

Manual of Psychosocial Rehabilitation May 21 2020 Psychosocial Rehabilitation is a comprehensive ready-reference for mental health practitioners and students, providing practical advice on the full range of interventions for psychosocial rehabilitation. It contextualises the interventions described and provides pointers to enable the reader to explore the theory and research. This manual recognises the wide-ranging impact of mental illness and its ramifications on daily life, and promotes a recovery model of psychosocial rehabilitation and aims to empower clinicians to engage their clients in tailored rehabilitation plans. The book is divided into five key sections. Section 1 looks at assessment covering tools available in the public domain, instruments, scoring systems, norms and applications for diagnosis and measurement of symptoms, cognitive functioning, impairment and recovery. Section 2 covers the full range of therapeutic interventions and offers advice on training and supervision requirements and evaluation of process, impact and outcome. Section 3 provides manuals and programs for interventions effectively provided as group activities. Section 4 explains how to design a full programme that integrates therapeutic interventions with group programmes as well as services provided by other agencies. The final section looks at peer support and self help, providing manuals and resources that support programmes and interventions not requiring professional or practitioner direction.

Leadership for a Better World Oct 06 2021 The essential guide to the theory and application of the Social Change Model Leadership for a Better World provides an approachable introduction to the Social Change Model of Leadership Development (SCM), giving students a real-world context through which to explore the seven C's of leadership for social change as well as approaches to socially responsible leadership.

From individual, group, and community values through the mechanisms of societal change itself, this book provides fundamental coverage of this increasingly vital topic. Action items, reflection, and discussion questions throughout encourage students to think about how these concepts apply in their own lives. The Facilitator's Guide includes a wealth of activities, assignments, discussions, and supplementary resources to enrich the learning experience whether in class or in the co-curriculum. This new second edition includes student self-assessment rubrics for each element of the model and new discussion on the critical roles of leadership self-efficacy, social perspective, and social justice perspectives. Content is enriched with research on how this approach to leadership is developed, and two new chapters situate the model in a broader understanding of leadership and in applications of the model. The Social Change Model is the most widely-used leadership model for college students, and has shaped college leadership curricula at schools throughout the U.S. and other countries including a translation in Chinese and Japanese. This book provides a comprehensive exploration of the model, with a practical, relevant approach to real-world issues. Explore the many facets of social change and leadership Navigate group dynamics surrounding controversy, collaboration, and purpose Discover the meaning of citizenship and your commitment to the greater good Become an agent of change through one of the many routes to a common goal The SCM is backed by 15 years of research, and continues to be informed by ongoing investigation into the interventions and environments that create positive leadership development outcomes. Leadership for a Better World provides a thorough, well-rounded tour of the Social Change Model, with guidance on application to real-world issues. Please note that *The Social Change Model: Facilitating Leadership Development* (978-1-119-24243-7) is intended to be used as a Facilitator's Guide to *Leadership for a Better World, 2nd Edition* in seminars, workshops, and college classrooms. You'll find that, while each book can be used on its own, the content in both is also designed for use together. A link to the home page of The Social Change Model can be found below under Related Titles.

Hakan/Séverin Apr 12 2022 Books 11 & 12 of the USA Today Bestselling Series, Bayou Heat. HAKAN Hakan never apologizes for being a lethal, barely civilized Hunter, but he understands that he has to be careful when it comes to his future mate, Payton. The pretty young Geek captured his heart long ago, but he was forced to keep her at a distance until she was mature enough to handle his feral nature. When he discovers she's been captured, however, he's done waiting. It's time to claim his female. Unfortunately, he didn't anticipate that Payton might refuse the mating. Payton understands that there's nothing more important than discovering why their newest enemies are targeting the Pantera. And if that means putting herself in danger, then that's exactly what she's going to do, no matter what the arrogant Hakan might say. Of course, that's easier said than done. Especially when Hakan is clearly determined to seduce her. Does she listen to her pride, or give in to the urgings of her fragile heart? SÉVERIN Humans have always been the enemy. Séverin has lived the last ten years of his life in his puma

form. He is feral, predatory and angry at the human world. Born in captivity, the male is haunted by years of torture and abuse. And when he comes upon a human female running scared through his Wildlands domain, he wants nothing more than to get her back to the border. But as she finds shelter with him in his rustic treehouse, the male inside him starts to emerge, threatening his still-caged heart. Until he meets her. Running from her abusive ex, Taylor is desperate for a place to hide. She believes her only chance at life is the magical Wildlands. But with a war brewing, the Pantera species aren't too keen on letting a stranger into their fold. Luckily, there is one Pantera who might want the beautiful teacher to stay. A male who, like Taylor, is running scared. Can they both listen to their hearts and allow the first real love of their lives in?

Community Rehabilitation in Neurology Jun 21 2020 Rehabilitation should not stop when the disabled person is discharged from hospital, and many neurological patients require ongoing rehabilitation in order to maximize their functional abilities, minimize complications and promote full participation at home and in the community. This book analyses community rehabilitation needs from many different perspectives, including the views of disabled people, rehabilitation clinicians and service providers. Many examples of community rehabilitation schemes are presented, with evidence for their effectiveness, and case studies are used to highlight the main issues. The authors take an international view, and there are chapters dealing with the disabled child in the community and with neuropsychological rehabilitation. This important book examines the growing trend towards community rehabilitation in neurology and is directed towards all clinicians involved with neurorehabilitation.

No Place for Sovereignty Mar 11 2022 In recent years several evangelical thinkers have called for a reevaluation of our understanding of God, making a case for what has variously been called "freewill theism" or the "open view" of God. R. K. McGregor Wright sees their efforts as the latest attempt of believers to wed the vagaries of current thought to biblical truth. More specifically, he sees in their call a contemporary reaffirmation of Arminianism. Concerned that evangelicals may soon find no place for sovereignty in their thinking, Wright sets out to show what's wrong - biblically, theologically and philosophically - with freewill theory in its ancient, as well as current, form. In particular, he subjects the recent work of Clark Pinnock to scrutiny. Here is a fresh, powerful case for the Reformed emphasis on God's sovereign grace.
