Yet Hester's simple job takes a grave turn when Mrs. Farraline dies during the night. And when a postmortem examination of the body reveals a lethal dose of medicine, Hester is charged with murder—punishable by execution. People in Japan are masters of minimal living, able to make do with less in all aspects of life, whether it's de-cluttering personal belongings or savvy seasonal cooking. But at the heart of all this is the kakeibo- the budgeting journal used to set savings goals and track spending. The premise is simple- at the beginning of each month you sit down with your kakeibo and think mindfully about how much you would like to save and what you will need to do in order to reach your goal. The kakeibo then gives you space to jot down your weekly spending and reflect on the month just gone. The simple act of completing your kakeibo ensures that saving is a part of your everyday life, while also giving you the opportunity to reflect and improve every month. Fred Reinfeld gives you twelve basic, simple rules for winning play. All the types of checkmates, the relative importance of the chess pieces, and simple, effective strategies are discussed succinctly. And there are three important chapters on the three strongest moves -- the check, the capturing threat, and the pawn promotion. Reinfeld always emphasizes practice over theory; he gives you the rules and demonstrates exactly how you should use them. For those who don't know the rules or who might have forgotten them, there is a chapter with all the basic rules and moves, and a brief resume of the system of chess notation. Brief inspirational readings encourage readers to be the unique individual that God created them to be. “Hieroglyphics is a novel that tugs at the deepest places of the human soul—a beautiful, heart-piercing meditation on life and death and the marks we leave on this world. It is the work of a wonderful writer at her finest and most profound.” —Jessica Shattuck, author of The Women in the Castle After many years in Boston, Lil and Frank have retired to North Carolina. The two of them married young, having bonded over how they both—suddenly, tragically—lost a parent when they were children. Now, Lil has become determined to leave a history for their own kids. She sifts through letters and notes and diary entries, uncovering old stories—and perhaps revealing more secrets than Frank wants their children to know. Meanwhile, Frank has become obsessed with the house he lived in as a boy on the outskirts of town, where a young single mother, Shelley, is now raising her son. For Shelley, Frank's repeated visits begin to trigger memories of her own family, memories that she'd hoped to keep buried. Because, after all, not all parents are ones you wish to remember. Empathetic and profound, this novel from master storyteller Jill McCorkle deconstructs and reconstructs what it means to be a father or a mother, and to be a child trying to know your parents—a child learning to make sense of the hieroglyphics of history and memory.
