“A powerful family and a deadly game. Be prepared for a nail-biting, roller-coaster of a ride in Catherine Steadman’s classy and ingenious new thriller.”—B. A. Paris, New York Times bestselling author of Behind Closed Doors From the New York Times bestselling author

of Something in the Water, Mr. Nobody, and The Disappearing Act. . . THE RULES 1. Listen carefully 2. Do your research 3. Trust no one 4. Run for your life Harriet Reed, a novelist on the brink of literary stardom, is newly engaged to Edward Holbeck, the heir of an extremely powerful family. And even though Edward has long tried to sever ties with them, news of the couple's marital bliss has the Holbecks inching back into their lives. As Harriet is drawn into their lavish world, the family seems perfectly welcoming. So when Edward's father, Robert, hands Harriet a tape of a book he's

been working on, she is desperate to listen. But as she presses play, it's clear that this isn't just a novel. It's a confession. A confession to a grisly crime. A murder. And, suddenly, the game is in motion. Feeling isolated and confused, Harriet must work out if this is part of a plan to test her loyalty. Or something far darker. What is it that Robert sees in her? Why give her the power to destroy everything? This might be a game to the Holbeck family—but losing might still prove deadly. READY OR NOT, HERE THEY COME . . . Thoroughly revised and updated, the most complete

family medicine board review guide continues to be the resource of choice for anyone preparing to take the American Board of Family Medicine (ABFM) examination. This edition includes dozens of new cases. Family Nurse Practitioner Certification Review is an ideal study guide for new and recertifying nurses preparing to take the Family Nurse Practitioner (FNP) certification exam administered by the American Nurses Credentialing Center (ANCC) and the American Academy of Nurse Practitioners Certification Program (AANPCP). Written by nurse practitioners, it

offers up-to-date questions and answer rationales specific to FNP certification that reflect the most current guidelines. In addition, it offers a short theory review, clinical application of knowledge, and clinical skills. Also incorporated are ethical and legal considerations, scope of practice, and cultural sensitivity. Important Notice: The digital edition of this book is missing some of the images or content found in the physical edition. "Intriguing...Wolas illuminates the rich, complex histories of the older Tabor generations, when they were Tabornikovs, and the sense of loyalty

to one's family history is so vivid in the novel it is practically its own character." —The New York Times Book Review The Family Tabor, the new novel from Cherise Wolas, acclaimed author of The Resurrection of Joan Ashby Harry Tabor is about to be named Man of the Decade, a distinction that feels like the culmination of a life well lived. Gathering together in Palm Springs for the celebration are his wife, Roma, a distinguished child psychologist, and their children: Phoebe, a high-powered attorney; Camille, a brilliant social anthropologist; and Simon, a big-firm lawyer, who brings

his glamorous wife and two young daughters. But immediately, cracks begin to appear in this smooth facade: Simon hasn't been sleeping through the night, Camille can't decide what to do with her life, and Phoebe is a little too cagey about her new boyfriend. Roma knows her children are hiding things. What she doesn't know, what none of them know, is that Harry is suddenly haunted by the long-buried secret that drove him, decades ago, to relocate his young family to the California desert. As the ceremony nears, the family members are forced to confront the falsehoods upon which their lives

are built. Set over the course of a single weekend, and deftly alternating between the five Tabors, this provocative, gorgeously rendered novel, reckons with the nature of the stories we tell ourselves and our family and the price we pay for second chances. This high-yield resource is written by an Assistant Professor of Family Medicine who has won excellence in teaching awards every year for the past five years and truly targets what you really need to know. Pete Dizinoff, a skilled and successful New Jersey internist, has a loving and devoted wife, a network of close friends, an impressive house,

and, most of all, a son, Alec, now nineteen, on whom he has pinned all his hopes. But Pete hadn't expected his best friend's troubled daughter to set her sights on his boy. When Alec falls under her spell, Pete sets out to derail the romance, never foreseeing the devastating consequences. In a riveting story of suburban tragedy, Lauren Grodstein charts a father's fall from grace as he struggles to save his family, his reputation, and himself. America's next favorite Australian author! "With jaw-dropping discoveries and realistic consequences, this novel is not to be missed. Perfect for

lovers of Big Little Lies." —Library Journal, starred review Small, perfect towns often hold the deepest secrets. From the outside, Essie's life looks idyllic: a loving husband, a beautiful house in a good neighborhood, and a nearby mother who dotes on her grandchildren. But few of Essie's friends know her secret shame: that in a moment of maternal despair, she once walked away from her newborn, asleep in her carriage in a park. Disaster was avoided and Essie got better, but she still fears what lurks inside her, even as her daughter gets older and she has a second baby. When

a new woman named Isabelle moves in next door to Essie, she is an immediate object of curiosity in the neighborhood. Why single, when everyone else is married with children? Why renting, when everyone else owns? What mysterious job does she have? And why is she so fascinated with Essie? As the two women grow closer and Essie's friends voice their disapproval, it starts to become clear that Isabelle's choice of neighborhood was no accident. And that her presence threatens to bring shocking secrets to light. The Family Next Door is Sally Hepworth at her very best: at once a

deeply moving portrait of family drama and a compelling suburban mystery that will keep you hooked until the very last page. Pulled into a deadly game of deception, secrets, and lies, a woman must find the truth in order to defeat a mysterious opponent, protect her daughter, and save her own life in this dazzling standalone psychological thriller with an unforgettable ending from the New York Times bestselling author of Woman with a Secret and The Monogram Murders. You thought you knew who you were. A stranger knows better. You've left the city—and the

career that nearly destroyed you—for a fresh start on the coast. But trouble begins when your daughter withdraws, after her new best friend, George, is unfairly expelled from school. You beg the principal to reconsider, only to be told that George hasn't been expelled. Because there is, and was, no George. Who is lying? Who is real? Who is in danger? Who is in control? As you search for answers, the anonymous calls begin—a stranger, who insists that you and she share a traumatic past and a guilty secret. And then the caller threatens your life. . . . This is Justine's story. This is Justine's family.

This is Justine's game. But it could be yours. Print+CourseSmart Focusing on the topics commonly found on ABFM in-training, board certification, and recertification examinations, The Family Medicine Board Review Book helps you make the most of your study time and achieve exam success. It provides valuable background information on all three AFBM exams and their formats, presents more than 1,800 multiple choice questions for self-assessment, and helps you identify areas that may require further study. Ideal for residents, practicing physicians, and nurse practitioners,

this new review tool is an excellent resource for testing your knowledge of the entire field of family medicine. #1 NEW YORK TIMES BESTSELLER • OPRAH'S BOOK CLUB PICK • ONE OF GQ's TOP 50 BOOKS OF LITERARY JOURNALISM IN THE 21st CENTURY • The heartrending story of a midcentury American family with twelve children, six of them diagnosed with schizophrenia, that became science's great hope in the quest to understand the disease. "Reads like a medical detective journey and sheds light on a topic so many of us face: mental illness."
—Oprah Winfrey

Don and Mimi Galvin seemed to be living the American dream. After World War II, Don's work with the Air Force brought them to Colorado, where their twelve children perfectly spanned the baby boom: the oldest born in 1945, the youngest in 1965. In those years, there was an established script for a family like the Galvins--aspiration, hard work, upward mobility, domestic harmony--and they worked hard to play their parts. But behind the scenes was a different story: psychological breakdown, sudden shocking violence, hidden abuse. By the mid-1970s, six of the ten Galvin boys, one after another, were

diagnosed as schizophrenic. How could all this happen to one family? What took place inside the house on Hidden Valley Road was so extraordinary that the Galvins became one of the first families to be studied by the National Institute of Mental Health. Their story offers a shadow history of the science of schizophrenia, from the era of institutionalization, lobotomy, and the schizophrenogenic mother to the search for genetic markers for the disease, always amid profound disagreements about the nature of the illness itself. And unbeknownst to the Galvins, samples of their

DNA informed decades of genetic research that continues today, offering paths to treatment, prediction, and even eradication of the disease for future generations. With clarity and compassion, bestselling and award-winning author Robert Kolker uncovers one family's unforgettable legacy of suffering, love, and hope. AN INSTANT NEW YORK TIMES BESTSELLER! Another thrilling domestic suspense novel from the New York Times bestselling author of *The Couple Next Door* "Lapena is a master of manipulation. With her latest page-turning thriller...

she is once again at the top of her game.” —USA Today “In this fast-paced, twisted family saga, Shari Lapena keeps you guessing until the very last page...” —Paula Hawkins In this family, everyone is keeping secrets—even the dead. Brecken Hill in upstate New York is an expensive place to live. You have to be rich to have a house there, and Fred and Sheila Merton certainly are rich. But even all their money can't protect them when a killer comes to call. The Mertons are brutally murdered after a fraught Easter dinner with their three adult kids. Who, of course, are devastated. Or are

they? They each stand to inherit millions. They were never a happy family, thanks to their vindictive father and neglectful mother, but perhaps one of the siblings is more disturbed than anyone knew. Did someone snap after that dreadful evening? Or did another person appear later that night with the worst of intentions? That must be what happened. After all, if one of the family were capable of something as gruesome as this, you'd know. Wouldn't you? Widely adopted, this valued course text and practitioner guide has expanded the understanding of family normality

and healthy functioning in our increasingly diverse society. The editor and contributors are at the forefront of research and clinical training. They describe the challenges facing contemporary families and ways in which clinicians can promote resilience. With consideration of sociocultural and developmental influences, chapters identify key family processes that nurture and sustain strong bonds in couples; dual-earner, divorced, single-parent, remarried, adoptive, and kinship care families; gay and lesbian families; culturally diverse families; and those coping with adversity, such as

trauma, poverty, and chronic illness. New to This Edition*Reflects important research advances and the changing contexts of family life.*Additional chapter topics: kinship care, family rituals, evidence-based assessment, and neurobiology.*All chapters have been fully updated. Lillian and Madison were unlikely roommates and yet inseparable friends at their elite boarding school. But then Lillian had to leave the school unexpectedly in the wake of a scandal and they've barely spoken since. Until now, when Lillian

gets a letter from Madison pleading for her help. Madison's twin stepkids are moving in with her family and she wants Lillian to be their caretaker. However, there's a catch: the twins spontaneously combust when they get agitated, flames igniting from their skin in a startling but beautiful way. Lillian is convinced Madison is pulling her leg, but it's the truth. Thinking of her dead-end life at home, the life that has consistently disappointed her, Lillian figures she has nothing to lose. Over the course of one humid, demanding summer, Lillian and the twins learn to trust each other—and stay

cool—while also staying out of the way of Madison's buttoned-up politician husband. Surprised by her own ingenuity yet unused to the intense feelings of protectiveness she feels for them, Lillian ultimately begins to accept that she needs these strange children as much as they need her—urgently and fiercely. Couldn't this be the start of the amazing life she'd always hoped for? With white-hot wit and a big, tender heart, Kevin Wilson has written his best book yet—a most unusual story of parental love. Putting Analysis into Child and Family Assessment bridges theory and practice, and provides clear guidance to improve assessments in child and family social work. It addresses the issues of central concern to child and family social workers, including analytical assessment, outlines how to avoid common pitfalls, provides strong theoretical foundations, and demonstrates how the theory can be translated into practice. With

reference to common and specialist assessments, the book covers every stage of the assessment process: planning and preparation, hypothesising, involving children, and making, recording and reviewing decisions. It features practice tools, case studies and practice development sessions and activities. This third edition has been fully updated with recent policy changes and new research findings. This book will be valued by practitioners, managers, trainers and lecturers looking for a grounded resource which provides

practical guidance on how to improve assessments. Be careful who you let in... Soon after her twenty-fifth birthday, Libby Jones returns home from work to find the letter she's been waiting for her entire life. She rips it open with one driving thought: I am finally going to know who I am. She soon learns not only the identity of her birth parents, but also that she is the sole inheritor of their abandoned mansion on the banks of the Thames in London's fashionable Chelsea neighborhood, worth millions. Everything in Libby's life is about to change. But what she can't possibly know is that others

have been waiting for this day as well—and she is on a collision course to meet them. Twenty-five years ago, police were called to 16 Cheyne Walk with reports of a baby crying. When they arrived, they found a healthy ten-month-old happily cooing in her crib in the bedroom. Downstairs in the kitchen lay three dead bodies, all dressed in black, next to a hastily scrawled note. And the four other children reported to live at Cheyne Walk were gone. Written by family physicians, this book is a comprehensive question-and-answer review for the American Board of Family Medicine certification and

recertification exams. Questions match the content, complexity, and type of questions on the exam, and fifty clinical set problems—a major portion of the exam—are included. This edition's questions and answers have been completely updated, e.g., questions on hypertension and lipids draw on JNC-VII and ATP-III guidelines. Numerous new tables and charts provide relevant information in a concise, convenient manner. This book is also a valuable study aid for USMLE Step 3 and for physician assistant and nurse practitioner licensure exams. Whether you are a

general practitioner or specialize in family law, New Jersey Family Law, Second Edition will provide the tools to help you work more effectively. You'll find a clear and in-depth presentation of the grounds for divorce and annulment, equitable distribution of marital property, premarital and property settlement agreements, adoption, alimony, child support, and the Uniform Interstate Family Support Act (UIFSA). The practice of family law has changed dramatically over the past several decades and continues to develop. This well-indexed, single volume puts the

most timely information at your fingertips, with coverage of critical topics including: • Custody and visitation • Calculation of alimony and child support • Trials, pre-trial and post-judgment motion practice • Domestic violence • Marital torts • Discovery • Divorce taxation The authors have expanded the discussion of mediation, arbitration, and equitable distribution, and added analysis on the creation and dissolution of civil unions in the Second Edition, plus added 87 essential matrimonial forms to save you valuable time. This eBook features links to

Lexis Advance for further legal research options. There are so many different types of families, and THE FAMILY BOOK celebrates them all in a funny, silly, and reassuring way. Todd Parr includes adopted families, step-families, one-parent families, and families with two parents of the same sex, as well as the traditional nuclear family. His quirky humor and bright, childlike illustrations will make children feel good about their families. Parents and teachers can use this book to encourage children to talk about their families and the different kinds of families that exist. Issues in Family Medicine Research

AnswerGuide: New York Family Court Proceedings includes 90 detailed, task-oriented checklists, and more than 100 practice pointers (Warning, Strategic Point, Exception, Timing) on important topics, including initial pleadings, jurisdiction, persons in need of supervision (PINS), juvenile delinquency, child and spousal support proceedings, paternity proceedings, termination of parental rights, adoption proceedings, custody and visitation proceedings, family offense proceedings, and child protective proceedings. A two-

time AJN Book of the Year Award winner and a 2013 Doody Core Title! This distinguished text provides top-tier guidance for advanced practice nurses on how to perform a comprehensive systematic review of available research to inform scholarly work, particularly in DNP and PhD programs. With a strategic focus on the search process and assessing the quality of the evidence, this text presents, clearly and comprehensively, all of the knowledge and skills necessary to conduct a foundational CSR in eight concrete steps. This text examines how to write a CSR

proposal, final report, and a policy brief based on systematic review findings. Two finished proposals and two completed systematic reviews demonstrate each step of the process from start to finish. Additionally, the text covers software used in research queries and provides helpful strategies for effectively using the search function when seeking information. When a young woman leaves her family—and the civilized world—to join an off-the-grid community headed by an enigmatic leader, she discovers that belonging comes with a deadly cost,

in this lush and searing debut novel. At nineteen, Berie encounters a seductive and mysterious man at a bus station near her home in North Carolina. Shut off from the people around her, she finds herself compelled by his promise of a new life. He ferries her into a place of order and chaos: the Ash Family farm. There, she joins an intentional community living off the fertile land of the mountains, bound together by high ideals and through relationships she can't untangle. Berie—now renamed Harmony—renounces her old life and settles into her new one on the farm.

She begins to make friends. And then they start to disappear. Thrilling and profound, *The Ash Family* explores what we will sacrifice in the search for happiness, and the beautiful and grotesque power of the human spirit as it seeks its ultimate place of belonging. *Florida Family Law Case Summaries, 2022 Edition* features a comprehensive review of Florida family case law organized into 10 topical chapters. In addition to the wealth of case summaries, this manual provides editor's notes alerting you to significant statutory changes. PULITZER PRIZE WINNER • A “vivid and

devastating” (*The New York Times*) portrait of an indomitable girl—from acclaimed journalist Andrea Elliott “From its first indelible pages to its rich and startling conclusion, *Invisible Child* had me, by turns, stricken, inspired, outraged, illuminated, in tears, and hungering for reimmersion in its Dickensian depths.”—Ayad Akhtar, author of *Homeland Elegies* ONE OF THE TEN BEST BOOKS OF THE YEAR: *The New York Times* • ONE OF THE BEST BOOKS OF THE YEAR: *The Atlantic*, *The New York Times Book Review*, *Time*, *NPR*, *Library*

Journal In Invisible Child, Pulitzer Prize winner Andrea Elliott follows eight dramatic years in the life of Dasani, a girl whose imagination is as soaring as the skyscrapers near her Brooklyn shelter. In this sweeping narrative, Elliott weaves the story of Dasani's childhood with the history of her ancestors, tracing their passage from slavery to the Great Migration north. As Dasani comes of age, New York City's homeless crisis has exploded, deepening the chasm between rich and poor. She must guide her siblings through a world riddled by hunger, violence, racism, drug addiction, and the threat of foster

care. Out on the street, Dasani becomes a fierce fighter “to protect those who I love.” When she finally escapes city life to enroll in a boarding school, she faces an impossible question: What if leaving poverty means abandoning your family, and yourself? A work of luminous and riveting prose, Elliott’s *Invisible Child* reads like a page-turning novel. It is an astonishing story about the power of resilience, the importance of family and the cost of inequality—told through the crucible of one remarkable girl. Winner of the J. Anthony Lukas Book Prize • Finalist for the Bernstein Award

and the PEN/John Kenneth Galbraith Award Follow along with Mittens as he enjoys hilarious, snark-filled text volleys with his cast of quirky friends and family: Earl (the “filthy hound”), Stumpy (the best friend), Drunky Patty (the usually tipsy next-door neighbor), Grandma (giver of treats), and Fiona (Mitty’s girlfriend). Based on Angie Bailey’s virally popular blog, *Texts from Mittens: The Friends and Family Edition* is feline humor at its finest.
