*Environmental Governance in Vietnam Feb 14 2022 This book*

*deals with institutional reforms in response to a mounting environmental crisis in Vietnam. The author introduces the reader to the most important environmental problems that Vietnam is currently facing and shows how the emphasis on economic growth has come at the expense of the natural environment. Following an assessment of the still deteriorating environmental situation, the book develops a theoretical framework of institutional change within the political system seeking to overcome the traditionally static understanding of institutions. The empirical analysis devotes attention to the main aspects on Vietnam's environmental governance including the government, society, businesses and international organizations. The book is based on four years of empirical research including interviews with government officials and representatives of international and national non-governmental organizations, observations of meetings, official documents, and numerous Vietnamese newspaper reports. This book is directed both at academics, students, as well as development practitioners and activists. It seeks to engage those working in the fields of environmental politics, governance, and institutional change in one-party states.*

*Marine Corps Band Manual Sep 21 2022 Military history has established that musical units are an integral part of the Marine Corps (Appendix A). Marine Corps Bands are an important stimulus to morale and esprit de corps and provide the Commanding General, and the unit, a vital link to ceremonial traditions. In combat, musical units continue musical functions and augment security on a temporary basis during periods of heightened combat intensity when use of*

*Samurai Fighting Arts Apr 04 2021 This book introduces the world of traditional Japanese martial arts and will provide readers with a deeper understanding of Bushido and Japan. Also known as Kobudo, these traditional martial arts can be seen as a continuation of samurai culture and comprise a number of styles formulated in the samurai era that are still being taught today. Aiming to develop Bujutsu (martial arts) and Heiho (strategy) to the highest possible degree, the samurai devised a code consisting of over eighteen arts. A samurai should have impeccable manners and be an expert in martial arts, but he should never be a killer. His swords contained his soul, which he cultivated by learning poetry and art, and by practicing Zen meditation. The author is the world-famous Kobudo grandmaster. He knows all the Kobudo styles, and his teaching of arts such as Iaijutsu and Jujitsu fascinates many students around the world. This is his first book in English, and it offers readers the opportunity to learn the lesser known arts of Kobudo, particularly the way of Nito Ryu-the two-swords method created by the famous samurai Miyamoto Musashi, and to understand the spirit behind it. Lavishly illustrated with around 700 photographs, Samurai Fighting Arts reveals many secret skills of Kobudo. It is divided into five chapters: Kobudo and its history; Kumiuchi Hyoho; Nito Ryu - the two-sword method; Iai and Kenpo; and Classical Kenjutsu and its application.*

*Intent. MCMAP is an integrated, weapons-based system that incorporates the full spectrum of the force continuum on the battlefield, and contributes to the mental, character and physical development of Marines. It is the intent that MCMAP enhances the transformation from civilian to Marine by capitalizing on the zeal of entry level training, and developing the Marine ethos in a progressive manner throughout a Marine's career. Concept of operations (a) All Marines, regardless of age, grade or sex must perform MCMAP qualifications. (b) Commanders shall conduct MCMAP training in accordance with the instructions contained. (e) The prescribed minimum requirements of this Order should not be interpreted as limiting the commander. Commanders are encouraged to conduct additional MCMAP training in a progressive, safe manner to enhance unit performance and fitness levels of Marines.*

*The Noncommissioned Officer and Petty Officer Oct 22 2022  
Full color publication with photographs. A first of its kind, this book-of, by, and for the noncommissioned officer and petty officer-is a comprehensive explanation of the enlisted leader across the U.S. Armed Services. It complements The Armed Forces Officer, the latest edition of which was published by NDU Press in 2007, as well as the Services' NCO/PO manuals and handbooks. Written by a team of Active, Reserve, and*

*retired senior enlisted leaders from all Service branches, this book defines and describes how NCOs/POs fit into an organization, centers them in the Profession of Arms, explains their dual roles of complementing the officer and enabling the force, and exposes their international engagement. As Chairman of the Joint Chiefs of Staff General Martin E. Dempsey writes in his foreword to the book, "We know noncommissioned officers and petty officers to have exceptional competence, professional character, and soldierly grit-they are exemplars of our Profession of Arms." Aspirational and fulfilling, this book helps prepare young men and women who strive to become NCOs/POs, re-inspires serving enlisted leaders, and stimulates reflection by those who have retired from or left active service. It also gives those who have never worn the uniform a better understanding of who these exceptional men and women are, and why they are properly known as the "Backbone of the Armed Forces."*

*I Want You!* Jul 07 2021 As U.S. military forces appear overcommitted and some ponder a possible return to the draft, the timing is ideal for a review of how the American military transformed itself over the past five decades, from a poorly disciplined force of conscripts and draft-motivated "volunteers" to a force of professionals revered throughout the world. Starting in the early 1960s, this account runs

through the current war in Iraq, with alternating chapters on the history of the all-volunteer force and the analytic background that supported decisionmaking. The author participated as an analyst and government policymaker in many of the events covered in this book. His insider status and access offer a behind-the-scenes look at decisionmaking within the Pentagon and White House. The book includes a foreword by former Secretary of Defense Melvin R. Laird. The accompanying DVD contains more than 1,700 primary-source documents-government memoranda, Presidential memos and letters, staff papers, and reports-linked directly from citations in the electronic version of the book. This unique technology presents a treasure trove of materials for specialists, researchers, and students of military history, public administration, and government affairs to draw upon.

*Leader Development (FM 6-22) Feb 02 2021 Army leaders are the competitive advantage the Army possesses that technology cannot replace nor be substituted by advanced weaponry and platforms. Today's Army demands trained and ready units with agile, proficient leaders. Developing our leaders is integral to our institutional success today and tomorrow. It is an important investment to make for the future of the Army because it builds trust in relationships and units, prepares leaders for future uncertainty, and is critical to readiness and our Army's success. Leader development programs must recognize, produce, and reward leaders who are inquisitive, creative, adaptable, and capable of exercising mission command. Leaders exhibit commitment to developing subordinates through execution of their professional responsibility to teach, counsel, coach, and mentor subordinates. Successful, robust leader development programs incorporate accountability, engagement, and commitment; create agile and competent leaders; produce stronger organizations and teams...*

*Leading Marines (McWp 6-10) (Formerly McWp 6-11) Aug 08 2021 Marine Corps Warfighting Publication MCWP 6-10 (Formerly MCWP 6-11) Leading Marines 2 May 2016 The act of leading Marines is a sacred responsibility and a rewarding experience. This publication describes a leadership philosophy that speaks to who we are as Marines. It is about the relationship between the leader and the led. It is also about the bond between all Marines that is formed in the common forge of selfless service and shared hardships. It's in this forge where Marines are hardened like steel, and the undefinable spirit that forms the character of our Corps is born. It draws from shared experiences, hardships, and challenges in training and combat. Leading Marines is not meant to be read passively; as you read this publication, think about the material. You should reflect on, discuss, and apply the concepts presented in this publication. Furthermore, it is the responsibility of leaders at all levels to mentor and develop the next generation of Marine leaders.*

Sustaining the Transformation - McTp 6-10a (Formerly McRp 6-11d) Jun 25 2020 Since our 31st Commandant, General Charles C. Krulak, first published Marine Corps Reference Publication 6-11D, *Sustaining the Transformation*, in 1999, the Marine Corps has continued our proud tradition of making Marines, winning battles, and returning quality citizens to society. Like all previous generations, Marines today are equally as committed to our time-honored values of honor, courage, and commitment. Marines of the 21st century are among the finest we have ever forged; it is every Marine's duty to sustain that rich legacy. America trusts its Corps of Marines—we must always strive to preserve that trust. The Marine transformation is forever ingrained in our DNA, from recruit training to Officer Candidates School and throughout the rest of our lives. The transformation to becoming a Marine is often the defining moment in a person's life.
