In a lush, contemporary fantasy retelling of *Beauty and the Beast*, Brigid Kemmerer gives readers another compulsively readable romance perfect for fans of Marissa Meyer. Fall in love, break the curse. It once seemed so easy to Prince Rhen, the heir to Emberfall. Cursed by a powerful enchantress to repeat the autumn of his eighteenth year over and over, he knew he could be saved if a girl fell for him. But that was before he learned that at the end of each autumn, he would turn into a vicious beast hell-bent on destruction. That was before he destroyed his castle, his family, and every last shred of hope. Nothing has ever been easy for Harper. With her father long gone, her mother dying, and her brother barely holding their family together while constantly underestimating her because of her cerebral palsy, she learned to be tough enough to survive. But when she tries to save someone else on the streets of Washington, DC, she's instead somehow sucked into Rhen's cursed world. Break the curse, save the kingdom. A prince? A monster? A curse? Harper doesn't know where she is or what to believe. But as she spends time with Rhen in this enchanted land, she begins to understand what's at stake. And as Rhen realizes Harper is not just another girl to charm, his hope comes flooding back. But powerful forces are standing against Emberfall . . . and it will take more than a broken curse to save Harper, Rhen, and his people from utter ruin. Jessie and Ki battle in a sky full of killers in a high-flying adventure in the sixty-first Lone Star novel! They call them *The Lone Star Legend: Jessica Starbuck*—a magnificent woman of the West, fighting for justice on America's frontier, and *Ki*—the martial arts master sworn to protect her and the code she lived by. Together they conquered the West as no other man and woman ever had! When someone is diagnosed with a serious illness, he or she is taking the first step on a challenging and confusing journey. For many, it is as if they are traveling alone to someplace entirely new, with only faded directions back to their old lives. Often, even their loved ones can only guess at what they must be experiencing. Michael Stein, M.D., uses the stories of his own patients to consider the personal narrative of sickness. Beautifully written and keenly insightful, *The Lonely Patient* is a valuable book for patients and their caregivers as well as a probing inquiry into this universal experience. This book is about the last few weeks in the life of Richard Henry Harvey, a gentleman farmer and naval officer whose estate, Long Halls, and its range of woods and farms are situated near the village of Branworth in Lincolnshire. Richard Harvey was born in March 1936 and inherited Long Halls on the death of his father in September 1945. The Harvey family descend directly from a member of the knights array, who fought with William of Normandy in 1066, and there has been a continuous line of the family living at Long Halls since that time. Richard Henry Harvey was educated initially by private tutor, then at Huntingdon School, and finally at Lincoln College, Oxford, after which he entered the Royal Navy as a career officer. As with many generations of his family, Harvey was granted the Monarch's Special Commission, and over the years, undertook numerous missions for both his monarch and the government. This book covers but a few weeks at the end of his life and is short on the detail of his younger days. Richard Harvey is an enigmatic man; his life is lost in a welter of deeds and misdeeds that mask the true nature of the man. Finally, after years of searching

and one failed marriage, he finds the girl that he loves, only for her to be ripped away from him by those who would terrorise his country and his home. Jubilee Hamilton inherited a rundown farm in Texas and the abrasive foreman, Charley Collins. Charley has been burned too many times so the ranch is just another job or so he thinks. For the first time ever, entrepreneur, designer, and TV star Kristin Cavallari shares how she juggles all facets of her busy life with style and grace. From outlining health and wellness, food, fitness, fashion, and her success as a businesswoman to more private matters of family, motherhood, and her relationship with her husband, NFL quarterback Jay Cutler, Kristin leaves no stone unturned to give fans of Laguna Beach and The Hills all of the answers they've been looking for. Tracing her journey from reality stardom to real life—the good, the bad, and the ugly—Kristin digs down to the most personal of relationships in her life and discusses how they made her who she is today. She also talks about the amazing effects of her healthy diet and exercise, which have made Kristin and her family the happiest and healthiest they've ever been. Kristin shares the family's favorite recipes and even reveals how her food philosophy has drastically improved Jay's type 1 diabetes. *Balancing in Heels* is a behind-the-scenes, in-depth look at who the real Kristin Cavallari is—unscripted. Set against the backdrop of World War I, *The Lonely Stronghold* follows the adventures of the indefatigable Olwen Innes, a young English woman who leaves her comfortable routine behind to venture out into the wider world—only to encounter a series of less-than-desirable circumstances. The impending marriage of a Groundbreaker and a Skychild is set to usher in a new era of peace and prosperity, yet there are factions on both sides that vehemently oppose such a union. While in the midst of planning their nuptials, Skye and Tierra find out just how determined these factions are. Tierra is snatched away from her home, and Skye desperately follows, gathering unlikely allies along the way and learning that trust should not be loosely given. While Skye treks across the land, seeking Tierra as well as answers to the multitude of questions that plague him, Tierra finds herself among a people she never knew existed . . . and caught up in politics that involve the very god she worships. The world Tierra thought she knew grows more complicated as she realizes that being apart from Skye is not the only trial she faces. Worse yet is the revelation that the Fenik is not the only threat to the world. And the distance that the gods have maintained from their peoples appears to be growing shorter by the day. Years after Dare Wright's beloved 1957 book "The Lonely Doll" was published, journalist Jean Nathan found Wright living out her last days in a decrepit public hospital in Queens. Seven students find unusual common ground in this warm, puzzle-like Japanese bestseller laced with gentle fantasy and compassionate insight. Bullied to the point of dropping out of school, Kokoro's days blur together as she hides in her bedroom, unable to face her family or friends. As she spirals into despair, her mirror begins to shine; with a touch, Kokoro is pulled from her lonely life into a resplendent, bizarre fairytale castle guarded by a strange girl in a wolf mask. Six other students have been brought to the castle, and soon this marvelous refuge becomes their playground. The castle has a hidden room that can grant a single wish, but there are rules to be followed, and breaking them will have dire consequences. As Kokoro and her new acquaintances spend more time in their new sanctuary, they begin to unlock the castle's secrets and, tentatively, each other's. With the thoughtful whimsy of *Before the Coffee Gets Cold*, the exquisite textures of *A Tale for the Time Being*, and the youthful resonance of *Your Name*, Mizuki Tsujimura paints an intricate portrait of a cycle of loneliness that can only be broken by friendship, empathy, and sacrifice. *Lonely Castle in the Mirror* is a

mesmerizing, heart-warming novel about the unexpected rewards of embracing human connection. From a beloved master of crime fiction, *The Lonely Silver Rain* is one of many classic novels featuring Travis McGee, the hard-boiled detective who lives on a houseboat. Travis McGee has luck to thank for his reputation as a first-rate salvager of stolen boats. Now Billy Ingraham, a self-made tycoon, is betting that McGee can locate his \$700,000 custom cruiser. McGee isn't so sure. He knows all too well the dangerous link between Florida boatjackings and the drug trade, and he's vowed never to swim with the sharks—but if he wants to keep his head (AKA finances) above water, swim he will. "As a young writer, all I ever wanted was to touch readers as powerfully as John D. MacDonald touched me."—Dean Koontz Even though McGee doesn't feel like sticking out his neck for this case, Billy's wife, Millis, convinces him to step up to the challenge. Sort of. After a pilot friend leads him to the stolen vessel, McGee immediately regrets not going with his gut. The yacht is no longer an ordinary boat. It's a slaughterhouse. After witnessing the sordid scene, McGee realizes he's knee-deep in the white-hot center of an international cocaine ring. In the midst of this terrifying ordeal and an affair with a very dangerous woman, McGee is shocked by the return of a secret from his past. Over the years, McGee has recovered many wrecks—now he'll need to salvage his own life.

wants her dead... A fictionalized history of the infamous, if little-known outside Florida, Prohibition-era gangster John Ashley and his moll, Laura Upthegrove. A serial killer stalks the women of Nottingham in the first Charlie Resnick Mystery—"A quantum leap for the police procedural" (Andrew Vachss, author of the Burke series). Shirley Peters was murdered in her own home. A directionless young woman with a fondness for cheap red wine and a restraining order against her ex-boyfriend, her death is just another in the files of the Nottingham detective's bureau. The police round up her ex-lover without much fuss, and are preparing to try him when another body surfaces. The method, the target, and the extreme violence are all a match for the killing of Shirley Peters. Nottingham is facing a serial killer. Detective Inspector Charlie Resnick is the first to see the connection. Both victims placed ads in a citywide Lonely Hearts column, and the ruffled detective suspects that their killer found them by preying on their isolation. He has little time to find the killer before more women die and Nottingham erupts into panic. Finalist for the National Book Critics Circle Award in Criticism #1 Book of the Year from Brain Pickings Named a best book of the year by NPR, Newsweek, Slate, Pop Sugar, Marie Claire, Elle, Publishers Weekly, and Lit Hub A dazzling work of biography, memoir, and cultural criticism on the subject of loneliness, told through the lives of iconic artists, by the acclaimed author of *The Trip to Echo Spring*. When Olivia Laing moved to New York City in her midthirties, she found herself inhabiting loneliness on a daily basis. Increasingly fascinated by the most shameful of experiences, she began to explore the lonely city by way of art. Moving from Edward Hopper's *Nighthawks* to Andy Warhol's *Time Capsules*, from Henry Darger's hoarding to David Wojnarowicz's AIDS activism, Laing conducts an electric, dazzling investigation into what it means to be alone, illuminating not only the causes of loneliness but also how it might be resisted and redeemed. Humane, provocative, and moving, *The Lonely City* is a celebration of a strange and lovely state, adrift from the larger continent of human experience, but intrinsic to the very act of being alive. From the bestselling author of *P.S., I Love You*, a fiercely feminist story collection that illuminates, sometimes in fantastical ways, how women of all kinds navigate the world today—now an Apple TV+ series from the creators of *GLOW* starring Nicole Kidman, Cynthia Erivo, Merritt Wever, and Alison Brie! In this singular and imaginative story collection, Cecelia Ahern explores the endless ways in which women blaze through adversity with wit, resourcefulness, and compassion. Ahern takes the familiar aspects of women's lives—the routines, the embarrassments, the desires—and elevates these moments to the outlandish and hilarious with her astute blend of magical realism and social insight. One woman is tortured by sinister bite marks that appear on her skin; another is swallowed up by the floor during a mortifying presentation; yet another resolves to return and exchange her boring husband at the store where she originally acquired him. The women at the center of this curious universe learn that their reality is shaped not only by how others perceive them, but also how they perceive the power within themselves. By turns sly, whimsical, and affecting, these thirty short stories are a dynamic examination of what it means to be a woman in this very moment. Like women themselves, each story can stand alone; yet together, they have a combined power to shift consciousness, inspire others, and create a multi-voiced Roar that will not be ignored. Includes a Reading Group Guide. "A Kristen Kerry novel of suspense"--Jacket. She doesn't have time for a relationship, but maybe she could swing a one-night stand.
