However, it is hoped that physicians at all stages of their careers will find some parts that interest them. Most of the material has appeared in the Hospital Update series, 'Preparation for MRCP', but this has been modified and expanded; many useful points arising from correspondence relating to the series have been included, and the authors would like to express their thanks to those who have written. It is not intended that this should be used as a work of reference, although there is detailed discussion of some subjects. Only the written part of the examination is dealt with in detail, but the introduction contains hints on tackling the clinical sections which the authors hope the candidates will find valuable. There is, however, no substitute for clinical practice under supervision. The questions in VII

PREFACE the written section of the examination require short answers so that marking may be easy and objective. This book contains questions similar to those that may be encountered in the examination, but the answers have been expanded as a basis for discussion. It is hoped that this will encourage the candidate to read around the subjects covered, and the authors recommend that the questions are used as a basis for group discussion, as

answers other than those in the text may be considered. Who are the 144,000 in Revelation 7:1-8? Are the trumpet judgments literal or symbolic (Revelation 8; 11)? What is the mark of the beast (Revelation 13:18)? Readers who have questions about the book of Revelation usually don't want to wade through pages of commentary to find their answers. Prophecy expert Mark Hitchcock offers a helpful solution in this concise Q&A format. Questions are grouped in broad categories that focus on interpretation, background information, Jesus Christ, and the letters to the churches. A final category, "The Consummation," is further divided into subparts that address the tribulation, the second coming, the millennium, and more. These easy-to find and easy-to-understand responses to the most commonly asked questions about the book of Revelation will empower readers to mine its riches and stand strong in their faith.

Please note: This is a companion version & not the original book. Sample Book Insights: #1 Revelation is the book of consummation. It tells us the ending of the story that

began in Genesis 1. It reveals that this world is headed for a seven-year period of divine judgment, and that God alone can foretell the future with 100 percent accuracy. #2 The preterist view is that Revelation is primarily a prophecy of events surrounding the destruction of Jerusalem in AD 70. They believe that Christ returned in AD 70 during the destruction of Jerusalem by the Romans. #3 The historicist view, which began with Joachim of Fiore in the twelfth century, interprets Revelation as a panorama or overview of the entire church age. However, few today hold this view. #4 The idealist view believes that the book of Revelation is meant to be interpreted symbolically, without regard for the original meaning of the text. This view is extremely reader-centered, and it lacks an interpretive anchor that would help hold the book together.
