***Poses a series of questions about geographical terms, natural sites, countries, states,
and cities, exploration and settlement, and related topics. In Daily Geography Practice,
Grade 5, 36 map lessons introduce basic geography skills and over 130 geography
terms. What a perfect hands-on approach to geography instruction! 180 questions
about interesting facts and important locations spark interest in geography and
challenge kids to put their knowledge to work! Kids will locate the smallest country in
the world, find a place where the sun never sets, learn how glaciers move, and find out
how their state got its name. Answers included. Each is spiralbound and conveniently
boxed. Integrate interactive whiteboard technology into your instruction and engage
your students with fun activities that are designed using Promethean ActivInspire
software and perfect for touch-screen technology! Designed to support existing content-
area lessons with standards-based, interactive activities, this resource is teacher-
friendly, based on research, and easy to use. The 128-page book includes 30 easy-to-
follow activities and a ZIP file with templates and examples. This resource is correlated
to the Common Core State Standards, is aligned to the interdisciplinary themes from***

the Partnership for 21st Century Skills, and supports core concepts of STEM instruction. 128pp. Take students in grades 6 and up on a field trip without leaving the classroom using World Geography: Daily Skill Builders! This 96-page book features two short, reproducible activities per page and includes enough lessons for an entire school year. It covers topics such as location and place, human-environment interaction, different types of maps, map reading, and the regions and countries of the world. Activities become more challenging as students build upon what they have learned. The book is perfect for review and practice and supports National Geography Standards. Includes reproducible activities to provide students with geographical information as they develop creative and critical-thinking skills. Integrate interactive whiteboard technology into your instruction and engage your students with fun activities that are designed using Promethean ActivInspire software and perfect for touch-screen technology! Designed to support existing content-area lessons with standards-based, interactive activities, this resource is teacher-friendly, based on research, and easy to use. The 128-page book includes 30 easy-to-follow activities and a Resource CD with templates and examples. This resource is correlated to the Common Core State Standards, is aligned to the interdisciplinary themes from the Partnership for 21st Century Skills, and supports core concepts of STEM instruction. 128pp. + CD Help students become more geographically literate and better prepared for the global community. Each book has 18 units that cover the 18 National Geography Standards. High-interest activities introduce students to places and regions, physical systems, human systems, environment and society, and the uses of geography. Daily Geography Practice presents students with essential map-reading skills, geography terms, and more. The set contains 5 Student Books. A "week one, day one" kind of teacher's manual with daily geography drills and numerous weekly assignment choices that include: mapping activities, atlas usage, research, notebooking and culture. Daily drills at 3 different levels for versatility and multi-year usage. Students learn to recognize important characteristics and traits of each continent, read and create maps, identify key geographical terms and more. Finish up the year by reading Around the World in 80 Days, by Jules Verne. This course lays a solid foundation of world geography for students 2nd grade and up. In Daily Geography Practice, Grade 6+, 36 map lessons introduce basic geography skills and over 130 geography terms. What a perfect hands-on approach to geography instruction The geography skills presented at Grade 6+ include: - globes - compass roses - map legends - map grids and coordinates - map scales - physical country and continent maps - projections - regional maps - road and tourist maps - historical and cultural landmark maps - population and product maps - climate and time zone maps - land use, product, and resource maps - political country and world maps 180 Days of Geography is a fun and effective daily practice workbook designed to help students learn about geography. This easy-to-use

fourth grade workbook is great for at-home learning or in the classroom. The engaging standards-based activities cover grade-level skills with easy to follow instructions and an answer key to quickly assess student understanding. Each week students will explore a new topic focusing on map skills, applying information and data, and connecting what they have learned. Watch students build confidence as they learn about location, place, human-environment interaction, movement, and regions with these quick independent learning activities. Parents appreciate the teacher-approved activity books that keep their child engaged and learning. Great for homeschooling, to reinforce learning at school, or prevent learning loss over summer. Teachers rely on the daily practice workbooks to save them valuable time. The ready to implement activities are perfect for daily morning review or homework. The activities can also be used for intervention skill building to address learning gaps. Teachers rely on the daily practice workbooks to save them valuable time. The ready to implement activities are perfect for daily morning review or homework. The activities can also be used for intervention skill building to address learning gaps. In Daily Geography Practice, Grade 2, 36 map lessons introduce basic geography skills and over 80 geography terms. What a perfect hands-on approach to geography instruction The geography skills presented at Grade 2 include: - globes - compass roses - map keys - map grids - physical maps - road and street maps - rural, suburb, city, and state maps - population and product maps - tourist and weather maps - political maps of the United States and the world In Daily Geography Practice, Grade 3, 36 map lessons introduce basic geography skills and over 100 geography terms. What a perfect hands-on approach to geography instruction! If you d like a geography course that includes mapping activities, atlas usage, research, notebooking and culture with very little teacher preparation, look no further. The Trail Guide to World Geography is a "week one, day one" kind of teacher s manual with daily geography drills (answers included) and numerous weekly assignment choices. Assign as much or as little as YOU decide. Daily drills are offered at 3 different levels for versatility and multi-year usage. With this easy-to-use course students will learn to recognize important characteristics and traits of each continent, read and create maps, identify key geographical terms and more. All you need to get started is this book, an atlas, and outline maps. Uses Geography Through Art for added culture through hands-on art from throughout the world. Finish up the year by reading Around the World in 80 Days, by Jules Verne, using the geography through literature unit included. This course lays a solid foundation of world geography for students 2nd grade and up. To make the best use of this text your students need a grade appropriate atlas and outline maps. The 3 levels of questions recommend using the following: 2-4th grade: Beginner World Atlas 5-7th grade: Intermediate World Atlas 8th- high school: Answer Atlas" 180 Days of Geography is a fun and effective daily practice workbook designed to help students learn about geography. This easy-to-use kindergarten workbook is great for at-home learning or in the classroom. The engaging standards-based activities cover grade-level skills with easy to follow instructions and an answer key to quickly assess student understanding. Each week students will explore a new topic focusing on map

skills, applying information and data, and connecting what they have learned. Watch students build confidence as they learn about location, place, human-environment interaction, movement, and regions with these quick learning activities. Parents appreciate the teacher-approved activity books that keep their child engaged and learning. Great for homeschooling, to reinforce learning at school, or prevent learning loss over summer. Teachers rely on the daily practice workbooks to save them valuable time. The ready to implement activities are perfect for daily morning review or homework. The activities can also be used for intervention skill building to address learning gaps. In Daily Geography Practice, Grade 2, 36 map lessons introduce basic geography skills and over 80 geography terms. What a perfect hands-on approach to geography instruction! Geography is more than just maps and finding your destination. It is about the land, the people on that land, the delicate balance of nature, and our very interdependence upon it, despite the miracles of technology and grocery stores. It's about the effects of nature on places and people, as well as how politics, borders, cities, and towns affect our lives. The Handy Geography Answer Book traces the history of geography from Eratosthenes and Alexander von Humboldt to latitude and longitude, and the latest advances in the Global Positioning System (GPS). It provides insights into economic, social, historic, culture, religious, political, and climate geography, plus oceanography, demographics, and more. Completely revised and updated, it tours the world, its natural features, and the ever-changing mark humans make on our planet, answering 1,200 questions from the trivia (longest, hottest, tallest) to how geography has influenced history, religion, architecture, and the location of cities, including Who first had the idea that there is a magnetic North Pole? What is interesting about Google's "Streetview"? How many people are projected to live on the planet in 2050? Which state has the highest annual divorce rate? What are the largest and smallest counties in the U.S.? Daily Geography Practice presents students with essential map-reading skills, geography terms, and more. The Teacher's Edition includes teacher resource pages, 36 transparencies, reproducible maps and activity pages, a glossary of terms, and answer keys. The Class Pack contains a Teacher's Edition and 20 Student Books. Supplement your social studies curriculum with 180 days of daily geography practice! This essential classroom resource provides teachers with weekly geography units that build students' geography knowledge, and are easy to incorporate into the classroom. In a world that is becoming more connected and globalized, 21st century students must have the skills necessary to understand their world and how geography affects them and others. Students will develop their map and spatial skills, learn how to answer text- and photo-dependent questions, and study the 5 themes of geography. Each week covers a particular topic and introduces students to a new place or type of map. The first two weeks consist of a mini-unit that focuses entirely on map skills. For additional units, students will study various places, and how

culture and geography are related. With a focus on the six populated continents, students will explore various types of maps including physical maps, political maps, topographic maps, thematic maps, climate maps, regional maps, and various topics including scale, legends, cardinal directions, latitude and longitude, and more. Aligned to state standards and National Geography Standards, this resource includes digital materials. Includes 36 weekly lessons, each including: teacher resource page; geography vocabulary; reproducible map; two geography questions per day; challenge question; answer key. Includes access to 36 downloadable maps. In Daily Geography Practice, Grade 1, 36 map lessons introduce basic geography skills and over 60 geography terms. What a perfect hands-on approach to geography instruction The geography skills presented at Grade 1 include: - globes - directions - map keys - physical maps - street maps - farm, town, city, and state maps - park and zoo maps - product maps - tourist and weather maps - political maps of the United States and the world This edition emphasizes physical geography and map skills recommended in the NCSS geography standards and National Geography Standards, to help students learn and review basic geography concepts. Each teacher's manual includes reproducible quizzes and maps plus a weekly activity to help students apply their geography skills to the real world. Student Books, available separately in packages of 10, provide a handy resource for students to read, record, and review answers. Featuring two short, reproducible activities per page, this book contains enough lessons for an entire school year. It covers location and place, human-environment interaction, different types of maps, and map reading, as well as the regions and countries of the world! Activities become more challenging as students build upon what they have previously learned and perfect for review and practice, it also supports National Geography standards.

--Mark Twain Media Publishing Company specializes in providing captivating, supplemental books and decorative resources to complement middle- and upper-grade classrooms.
