Business Adventures Jul 03 2021 "Business Adventures remains the best business book I've ever read." -Bill Gates, The Wall Street Journal What do the \$350 million Ford Motor Company disaster known as the Edsel, the fast and incredible rise of Xerox, and the unbelievable scandals at General Electric and Texas Gulf Sulphur have in common? Each is an example of how an iconic company was defined by a particular moment of fame or notoriety; these notable and fascinating accounts are as relevant today to understanding the intricacies of corporate life as they were when the events happened. Stories about Wall Street are infused with drama and adventure and reveal the machinations and volatile nature of the world of finance. Longtime New Yorker contributor John Brooks's insightful reportage is so full of personality and critical detail that whether he is looking at the astounding market crash of 1962, the

Five additional stories on equally fascinating subjects round out this wonderful collection that will both entertain and inform readers . . . Business Adventures is truly financial journalism at its liveliest and best.

I Want My Epidural Back Jul 23 2020 Now that I'm a mom, I know the most painful part isn't getting something giant through your hooah. It's having a real live child. If you are the kind of mom who shapes your kiddo's organic quinoa into reproductions of the Mona Lisa, do not read this book. If you stayed up past midnight to create posters for your PTO presidential campaign, do not read this book. If you look down your nose at parents who have Domino's pizza on speed dial, do not read this book. But if you are the kind of parent who accidentally goes ballistic on your rugrats every morning because they won't put their shoes on and then you feel super guilty about it all day so you take them to McDonald's for a special treat but really it's because you opened up your freezer and panicked because you forgot to buy more frozen pizzas, then absolutely read this book. I Want My Epidural Back is a celebration of mediocre parents and

how awesome they are and how their kids love them just as much as children with perfect parents. Karen Alpert's honest but hilarious observations, stories, quips and pictures will have you nodding your head and peeing in your pants. Or on the toilet if you're smart and read it there.

The 2 AM Principle Oct 26 2020 "Jon Levy is what happens when you mix a behavioral scientist like Robert Cialdini with Indiana Jones." -Lewis Howes, New York Times bestselling author of The School of Greatness Jon Levy used to be a nerd. Now, he runs with the bulls in Pamplona, battles Kiefer Sutherland in Jenga, and crashes million-dollar weddings. How did he do it? The E.P.I.C. Model of Adventure, a breakthrough four-step process (Establish, Push Boundaries, Increase, Continue) for building the perfect adventure, from picking the right team, to choosing the right mission, and taking the right risks—with plenty of stories from his own exploits to show you how it's done. With the mold-breaking brilliance of Timothy Ferriss's The 4-Hour Work Week, and the geeky enthusiasm of a TED Talk, this book is your ticket to the next level. You'll learn plenty, but the first lesson is easy: nothing good happens after 2 AM—except the most EPIC experiences of our lives

The Adventures of Women in Tech Sep 24 2020 Can women have meaningful careers in tech? Are diversity efforts in Silicon Valley failing? Should women avoid working for technology companies? Alana Karen was annoyed every time she saw the latest headline questioning women's survival in tech. She pictured a new graduate deciding on her career and only having one-sided articles to help make her decision. She saw colleagues roll their eyes at books about C-level women in tech and heard jokes about how inaccessible those stories sounded. She wondered how women could feel like they belonged if they didn't see themselves reflected in the media. Inspired by women she knows in tech—women with diverse backgrounds, education, and ambitions—she wrote The Adventures of Women in Tech to fill that gap. A twenty-year tech company veteran and leader, Alana Karen brilliantly and systematically replaces what we think we know about women in tech with more than eighty women's stories of what it's honestly like to join, lead, and thrive in today's top technology companies. The Adventures of Women

in Tech delves into why we join tech, the challenges we face, and the skills and support we need to succeed and stay in an often challenging environment. In twelve chapters filled with intimate stories, insights, and advice from women working in technology companies and start-ups, Alana Karen demonstrates that we all belong in tech.

Adventures in Opting Out Feb 10 2022 Opt out of expectations and live a more intentional life with this refreshing guide from the national bestselling author of *The Year of Less*. We all follow our own path in life. At least, that's what we're told. In reality, many of us either do what is expected of us, or follow the invisible but well-worn paths that lead to what is culturally acceptable. For some, those paths are fine -- even great. But they leave some of us feeling disconnected from ourselves and what we really want. When that discomfort finally outweighs the fear of trying something new, we're ready to opt out. After going through this process many times,

Cait Flanders found there is an incredible parallel between taking a different path in life and the psychological work it takes to summit a mountain -- especially when you decide to go solo. In *Adventures in Opting Out*, she offers a trail map to help you with both. As you'll see, reaching the first viewpoint can be easy -- and it offers a glimpse of what you're walking toward. Climbing to the summit for the full view is worth it. But in the space between those two peaks you will enter a world completely unknown to you, and that is the most difficult part of the path to navigate. With Flanders's guidance and advice, drawn from her own journey and stories of others, you'll have all the encouragement and insight you'll need to take the path less traveled and create the life you want. Just step up to the trailhead and expect it to be an adventure.

A Round-Heeled Woman Nov 19 2022 "Round-heeled" is an old-fashioned label for a woman who is promiscuous--someone who nowadays might

be called "easy." It's a surprising way for a cultured English teacher with a passion for the novels of Anthony Trollope to describe herself, but then that's just the first of many surprises to be found in this poignant, funny, utterly unique memoir. Jane Juska is a smart, energetic divorcée who decided she'd been celibate too long, and placed the following personal ad in her favorite newspaper, *The New York Review of Books*:
Before I turn 67—next March—I would like to have a lot of sex with a man I like. If you want to talk first, Trollope works for me.
This closing reference was a nod to her favorite author, of course. The response was overwhelming, and Juska took a sabbatical from teaching to meet some of the men who had replied. And since her ad made it clear that she wasn't expecting just hand-holding, her dates zipped from first base to home plate in record time. Juska is a totally engaging, perceptive writer, funny and frank about her exploits. It's high time someone revealed the fact that older single people are as eager for sex and intimacy as their younger counterparts. Jane Juska's brave, honest memoir will probably raise eyebrows and blood pressure, but it will undoubtedly appeal to the very large audience of grown-up readers who will be fascinated and inspired by her

daring adventure.

SUMMARY - What Do Women Want: Adventures In The Science Of Female Desire By Daniel Bergner
Jan 21 2023 * Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. By reading this summary, you will learn to better understand female desire. You will also learn : why female desire and pleasure have never been the subject of serious research until recently; that they are the subject of many unfounded preconceived ideas; that monogamy is not so natural for women; that even women are often unaware of their own contradictions; how to improve one's relationship. If male desire is rather well defined and known, this is not the case for female desire. It is still surrounded by mystery, incomprehension, and even suspicion and rejection. Women have to bear the weight of many historical and social prejudices. However, these stereotypes are gradually disappearing. The neuropsychological discoveries made in recent years open the door to many unsuspected findings. For example, women's desire is as developed as that of men, and, left free, women are as enterprising as men, if not more so. The Other Side of Desire Feb 27 2021 Jacob is a man with an overwhelming attraction to female feet. The Baroness is a clothing designer and evangelical sadist. Roy is a wedding band singer entranced by his step daughter. Ron and Laura are simply in love - only Laura lost both her legs in a car accident, and Ron is beguiled by a beauty many would be blind to. How do we deal with desire? Our own, and the desires of others? How do we comprehend desires that are extreme, or unacceptable? And how do those who have them, live with them? In A Map of Desire Daniel Bergner takes us on a journey into human passion suffered, endured, and celebrated. Desire is a sometimes anarchic, sometimes ecstatic, sometimes destructive, sometimes redeeming, and always powerful force. Immersing himself in it through the people whose lives he follows and the scientists he spends time with who are trying to understand it, slowly he exposes and illuminates layers of our humanity.

What Do Women Want? Feb 22 2023 In What Do Women Want? Adventures in the Science of Female Desire, critically acclaimed journalist Daniel Bergne disseminates the latest scientific research and paints an unprecedented portrait of female lust: the triggers, the fantasies, the mind-body connection (and disconnection), the reasons behind the loss of libido, and, most

revelatory, that this loss is not inevitable. Bergner asks: Are women actually the less monogamous gender? Do women really crave intimacy and emotional connection? Are women more disposed to sex with strangers and multiple pairings than either science or society have ever let on? And is "the fairer sex" actually more sexually aggressive and anarchic than men? While debunking the myths popularized by evolutionary psychology, Bergner also looks at the future of female sexuality. Pharmaceutical companies are pouring billions of dollars to develop a "Viagra" for women. But will it ever be released? Or are we not yet ready for a world in which women can become aroused at the simple popping of a pill? Insightful and illuminating, *What Do Women Want?* is a deeper exploration of Daniel Bergner's provocative New York Times Magazine cover story; it will spark dynamic debates and discussions for years to come.

Adventures in Solitude Nov 07 2021 From Captain George Vancouver to Muriel "Curve of Time" Blanchet to Jim "Spilsbury's Coast" Spilsbury, visitors to Desolation Sound have left behind a trail of books endowing the area with a romantic aura that helps to make it British Columbia's most popular marine park. In this hilarious and captivating book, CBC personality Grant Lawrence adds a whole new chapter to the saga of this storied piece of BC coastline. Young Grant's father bought a piece of land next to the park in the 1970s, just in time to encounter the gun-toting cougar lady, left-over hippies, outlaw bikers and an assortment of other characters. In those years Desolation Sound was a place where going to the neighbours' potluck meant being met with hugs from portly naked hippies and where Russell the Hermit's school of life (boating, fishing, and rock 'n' roll) was Grant's personal Enlightenment—an influence that would take him away from the coast to a life of music and journalism and eventually back again. With rock band buddies and a few cases of beer in tow, an older, cooler Grant

A Life of Adventure and Delight Jun 21 2020 A

Life of Adventure and Delight delivers eight masterful stories from dazzlingly original and critically acclaimed author Akhil Sharma. Hailed as a storyteller whose fiction is “a glowing work of art” (Wall Street Journal), Akhil Sharma is possessed of a narrative voice “as hypnotic as those found in the pages of Dostoyevsky” (The Nation). In A Life of Adventure and Delight, Sharma delivers eight masterful stories that focus on Indian protagonists at home and abroad and that plunge the reader into the unpredictable workings of the human heart. A young woman in an arranged marriage awakens one day surprised to find herself in love with her husband. A retired divorcé tries to become the perfect partner by reading women’s magazines. A man’s longstanding contempt for his cousin suddenly shifts inward when he witnesses his cousin caring for a sick woman. Tender and darkly comic, the protagonists in A Life of Adventure and Delight deceive themselves and engage in odd behaviors as they navigate how to be good, how to make meaningful relationships, and the strengths and pitfalls of self-interest. Elegantly written and emotionally immediate, the stories provide an intimate, honest assessment of human relationships between mothers and sons, sons and lovers, and husband and wives from a dazzlingly original,

critically acclaimed writer.

I Want My Epidural Back Sep 17 2022 Now that I'm a mom, I know the most painful part isn't getting something giant through your hooah. It's having a real live child. If you are the kind of mom who shapes your kiddo's organic quinoa into reproductions of the Mona Lisa, do not read this book. If you stayed up past midnight to create posters for your PTO presidential campaign, do not read this book. If you look down your nose at parents who have Domino's pizza on speed dial, do not read this book. But if you are the kind of parent who accidentally goes ballistic on your rugrats every morning because they won't put their shoes on and then you feel super guilty about it all day so you take them to McDonald's for a special treat but really it's because you opened up your freezer and panicked because you forgot to buy more frozen pizzas, then absolutely read this book. *I Want My Epidural Back* is a celebration of mediocre parents and how awesome they are and how their kids love them just as much as children with perfect parents. Karen Alpert's honest but hilarious observations, stories, quips and pictures will have you nodding your head and peeing in your pants. Or on the toilet if you're smart and read it there.
