Sad Monsters Feb 20 2023 An Emmy Award-winning writer for The Colbert Report follows in the (big) footsteps of Bigfoot: I Not Dead. Monsters have it tough. Besides being deeply misunderstood, they suffer from very real problems: Mummies have body image issues, Godzilla is going through an existential crisis, and creatures from the black lagoon face discrimination from creatures from the white lagoon. At heart, these

monsters are human; after all, you are what you eat. Quirkily illustrated, *Sad Monsters* hilariously documents the trials and tribulations of all the undead creatures monster-mad readers have grown to love, from vampires and werewolves, to chupacabras and sphinxes, and even claw-footed bathtubs. *The Living Age* Jul 21 2020 **Even Monsters...** Dec 18 2022 An exciting new picture book-perfect for the little monster in your life! Everybody knows monsters can be...well, MONSTERS. But did you know sometimes even monsters get scared? They can be sad, they can be kind, they can miss their mommies. Sometimes, they're just plain silly. And even

monsters need to brush their teeth! A funny and family-friendly picture book by innovative author/illustrator A. J. Smith, who combines traditional storytelling with exciting interactive digital components.

specters, and demons ... to protect Earth. While the super-commandos are busy destroying the mysterious horror worlds, some evils enter Earth to become rulers of the world. Many vampires that died thousands of years ago awake through the energy of the dark, evil night. During this destructive and horrifying period, many innocent people die, and countries collapse. The most horrifying concern for our planet is ... Will the super-commandos succeed in destroying terrorizing worlds and their terrifying evils? Or will they die outside Earth somewhere in a horror world? Specter Files is a horror, dark fantasy novella about five

super-commandos who risk their lives to protect humanity by solving fifteen horror cases. *Monster Blood IV (Goosebumps #62)* Dec 14 2019 Evan Ross can't forget about Monster Blood-the evil green slime that never stops growing. It can turn ordinary pets into ferocious animals and twelve-year-old kids into freakish giants. But now there's a new kind of Monster Blood in town. It comes in a can just like the others. Only difference is this slime is blue instead of green. And instead of just growing, it's multiplying-into terrifying blue creatures with razor-sharp teeth...

2021 Deep inside the cave, each little monster is wondering: who does Mama love the most? Could it be Max, who's so eye-poppingly funny? Or mannerly Mattie, who always shares her spit? How about Mervin, maker of the slimiest pies? Or brave Mella,

who's always ready to dive into the tar pit? Hmm . . . they all seem really special. How will Mama decide?!

Minerva the Monster Sep 15 2022 Marvelous Minerva's back...and more "monstrously" delightful than ever. When she first appeared in last year's *Nobody Notices Minerva*, critics and children instantly took the irrepressible, irresistible Boston terrier to their hearts. Mischievous, playful, and more than a little bit naughty, she thoroughly embodied the lovable spirit of a toddler. Now, Wednesday Kirwan has done it again, as Minerva dons a monster costume—and starts behaving like one, too. Whenever Mom

asks her to eat her green beans or Dad tells her to put on her pajamas, she just growls and says that monsters don't do that! But Minerva is about to find out that sometimes being a real child is better than being an imaginary beast.

He's Been a Monster All Day Jun 12 2022 After an especially "busy" day, a preschool-age boy overhears his mother say, "He's been a monster all day." So the little boy starts to fantasize about what life as a monster would be like. "I wonder why Mommy thinks that of me? / I guess if she does then a monster I'll be! / I'm big and strong! / I grumble and growl / and scare people off / with a sneer and a scowl. / Being a

monster is fun!" There are no rules to remember or manners to follow. And monsters can stay out as late as they please, scaring everyone away. As it turns out, being a monster isn't all it's cracked up to be. No one wants to be friends with a monster. And who will read a story and tuck a monster into bed? Maybe being a little boy isn't such a bad thing after all.

The Monster in the Hollows

Sep 03 2021 Things are about to go from bad to wolf in the howlingly entertaining third book of the Wingfeather Saga. Janner, Tink, and Leeli Igiby, the Lost Jewels of Anniera, are hiding from Gnag the Nameless in the Green Hollows, one of the few places in the land of Aerwiar not overrun by the Fangs of Dang. But there's a big problem. Janner's little brother--heir to the throne of Anniera--has grown a tail. And gray fur. Not to mention two pointed ears and long, dangerous fangs. To the suspicious folk of the Green Hollows, he looks like a monster. But Janner knows better. His brother isn't as

scary as he looks. He's perfectly harmless. Isn't he? Full of characters rich in heart, smarts, and courage, *The Monster in the Hollows* is a tale children of all ages will cherish, families can read aloud, and readers' groups are sure to enjoy discussing for its many layers of meaning. Extra features include new interior illustrations from Joe Sutphin, funny footnotes, a map of the fantastical world, inventive appendices, and fanciful line art in the tradition of the original Frank L. Baum Wizard of Oz storybooks.

There's a Monster in My Tummy Nov 12 2019 I was married right out of high school and bore two sons within the first two years. Needing extra income but wanting to stay home with my sons, I decided to start an in-home childcare facility. I did childcare for the next forty-two years. I had many children enrolled in my childcare facility, all with different wants and needs. One child in

particular was constantly hungry. Within an hour after breakfast, he would want something to eat. He told me his tummy was growling. I told him he needed to tame the monster in his tummy. He then told me that he could only tame it if he fed the monster; therefore, it became a game with him when he was hungry. It wasn't long until all the children claimed they had a monster in their tummy and needed something to eat. We would use this monster story during our circle time. The children enjoyed talking about the kind of tummy monster they had in their tummy. I decided to use this as a story line for my second children's

book. 1
