How would you describe the spiritual aroma of your home? The source of this aroma is the relationship between husband and wife. Many can fake an attempt at keeping God's standards in some external way. What we cannot fake is the resulting, distinctive aroma of pleasure to God. Reforming Marriage does what few books on marriage do today: it provides biblical advice. Douglas Wilson points to the need for obedient hearts on the part of both husbands and wives. Godly marriages proceed from obedient hearts, and the greatest desire of an obedient heart is the glory of God. BEST FICTION AWARD - Christianity Today 2012 Evangellyfish is a ruthless, grimly amused, and above all honest look at one of the darkest corners in the western world. Douglas Wilson, a pastor of more than thirty years, paints a vivid and painful picture of evangelical boomchurch leadership. . . in bed. Chad Lester's kingdom is found in the Midwest. His voice crawls over the airwaves, his books are read by millions (before he reads them), and thousands ride the escalators into the sanctuary every Sunday. And Saturday. And Wednesday, too. He is the head pastor of Camel Creek--a CEO of Soul. And souls come cheap, so he has no overhead. When Lester is (falsely) accused of molesting a young male counselee, his universe begins to crumble. He is a sexual predator, yes. But strictly straight (and deeply offended that anyone would suggest otherwise). Detectives, reporters, assistant pastors, and old lovers and pay-offs all come out to play. John Mitchell is also a pastor, but he has no kingdom to speak of--only smalltime choir feuds. He is thrilled at the great man's fall, but his joy quickly fades when the imploding Lester calls him--and a lover or two--for help. How low can grace go? Whores, thieves, and junkies, sure. But pastors? They all walk toward the Abyss for different reasons, each of them with varying persuasions. Along the way they meet

Evangelist, and as a result they face the Great Persuasion. Some of their conversations are recorded in this book. Federal thinking is foreign to the modern mind. "Federal" has come to mean nothing more than centralized or big. Because your federal government has become so uncovenantal, it is not surprising that the original meaning of the word is lost. But federal thinking is the backbone of historic Protestant theology, and the Church needs to recover the covenantal understanding of federal headship. Husbands are to lead their families, taking responsibility for them as covenant heads-as federal husbands. In *Rules for Reformers*, Douglas Wilson poaches the political craft of radical progressives and applies it to Christian efforts in the current culture war. The result is a spicy blend of combat manual and cultural manifesto. *Rules for Reformers* is a little bit proclamation of grace, a little bit Art of War, and a little bit analysis of past embarrassments and current cowardice, all mixed together with a bunch of advanced knife-fighting techniques. As motivating as it is provocative, *Rules for Reformers* is just plain good to read. Thanks to Saul Alinsky's *Rules for Radicals: A Practical Primer for Realistic Radicals*--a book well-beloved by Barack Obama, Hillary Clinton, and many others--for much of the shrewd advice, and for none of the worldview. You can sin with food in many ways -- by not sharing it, by eating way too much of it, by throwing it across the restaurant table... But you do not sin with food by bowing your head over it, saying grace with true gratitude in your heart, and tucking in. Sharp-edged but humorous, *Confessions of a Food Catholic* addresses the unscriptural approach to food that many Christians have developed in recent years. (By the way, a "food catholic" is somebody who accepts all eaters of all foods, even if he or she doesn't actually eat quinoa.) Specifically, the book addresses divisive threats to Christian table fellowship, the know-it-all pride of newfangled "health food" rules, and the dislocated moralism that makes "organic" and "natural" the signs of righteousness while disdaining the brethren who buy their beef at Stuffmart. Until very recently, no society had seen marriage as anything other than a conjugal partnership: a male-female union. *What Is Marriage?* identifies and defends the reasons for this historic consensus and shows why redefining civil marriage as something other than the conjugal union of husband and wife is a mistake. Originally published in the *Harvard Journal of Law and Public Policy*, this book's core argument quickly became the year's most widely read essay on the most prominent scholarly network in the social sciences. Since then, it has been cited and debated by scholars and activists throughout the world as the most formidable defense of the tradition ever written. Now revamped, expanded, and vastly enhanced, *What Is Marriage?* stands poised to meet its moment as few books of this generation have. Sherif Girgis, Ryan T. Anderson, and Robert P. George offer a devastating critique of the idea that equality requires redefining marriage. They show why both sides must first answer the question of what marriage really is. They defend the principle that marriage, as a comprehensive union of mind and body ordered to family life, unites a man and a woman as husband and wife, and they document the social value of applying this principle in law. Most compellingly, they show that those who embrace same-sex civil marriage leave no firm ground—none—for not recognizing every relationship

describable in polite English, including polyamorous sexual unions, and that enshrining their view would further erode the norms of marriage, and hence the common good. Finally, *What Is Marriage?* decisively answers common objections: that the historic view is rooted in bigotry, like laws forbidding interracial marriage; that it is callous to people's needs; that it can't show the harm of recognizing same-sex couplings or the point of recognizing infertile ones; and that it treats a mere "social construct" as if it were natural or an unreasoned religious view as if it were rational. "There is a broad way that seems right to man but which leads to death and destruction, so also there is a narrow way that opens up into unbelievable glories. This is the romance of orthodoxy." In this book, Douglas Wilson combines G.K. Chesterton-like prose with the Apostles' Creed, and explains such doctrines as the Trinity, creation, fall, salvation, Scripture, and the church with clarity and imagination. Rather than seeing fundamentalist doctrines as a narrow and confining straightjacket, Wilson sees them as the only way for people to find true freedom and joy. Modern evangelicals have gained money, power, and influence, and it has been like giving whiskey to a two-year-old. The need of the hour is theological, not political. The arena is the pulpit and the table, not the legislative chamber. Before we are equipped to proclaim His lordship to the inhabitants of all the earth, we must live as though we believed it in the Church. *Mother Kirk* presents a very practical and pastoral guide to many of the countless issues that arise in conservative Christian churches. The essays span subjects ranging from the nature of legalism and church authority to worship music, debt, youth ministry, and pastoral character. We commonly think of marriage as a private matter between two people, a personal expression of love and commitment. In this pioneering history, Nancy F. Cott demonstrates that marriage is and always has been a public institution. From the founding of the United States to the present day, imperatives about the necessity of marriage and its proper form have been deeply embedded in national policy, law, and political rhetoric. Legislators and judges have envisioned and enforced their preferred model of consensual, lifelong monogamy--a model derived from Christian tenets and the English common law that posits the husband as provider and the wife as dependent. In early confrontations with Native Americans, emancipated slaves, Mormon polygamists, and immigrant spouses, through the invention of the New Deal, federal income tax, and welfare programs, the federal government consistently influenced the shape of marriages. And even the immense social and legal changes of the last third of the twentieth century have not unraveled official reliance on marriage as a "pillar of the state." By excluding some kinds of marriages and encouraging others, marital policies have helped to sculpt the nation's citizenry, as well as its moral and social standards, and have directly affected national understandings of gender roles and racial difference. *Public Vows* is a panoramic view of marriage's political history, revealing the national government's profound role in our most private of choices. No one who reads this book will think of marriage in the same way again. How does life in each room of your home manifest the Gospel? The Christian gospel isn't just a spiritual reality. The Word became flesh and bone, and the gospel becomes our porch, dining room, bedroom, and kitchen. The

driving desire of the gospel is "my life for yours." Our desire should be to have this love transform everything we do, room by room. This book works its way through every part of the house, examining each part in light of Scripture. The claims of God are always total, and this is evident on the doorposts and in a sink full of dishes. Self-centeredness destroys in monotonously similar ways. Giving up life for another produces a harvest of kindness and mercy. Household questions should always begin with, "is this my life for yours?" "It's two decades in the future, and a Christian college student named Ace Hartwick has just destroyed his neighbor's so-called "wife" -- actually a sexbot named Sally -- in a trash compactor. Soon, Ace will be on trial for murder. Unfortunately for Ace, everyone despises his kind of "radical" Christianity, and, in the fragile America of the future, all the juries are fixed." -- Amazon.com

The way of a man with a maiden was too wonderful for the writer of Proverbs to understand. Preoccupying so many thoughts and dreams, the subject of countless songs, films and fairy tales, the love between a man and a woman has always been a profound and perplexing mystery. And yet we do not live happily ever after. Four out of ten marriages will end in divorce. Couples now choose to live together rather than marry, and those relationships are even less likely to last. People are having fewer children, later, and with a succession of partners. Ironically, just when so much is expected of love, Western societies are witnessing lower levels of public commitment in sexual relationships than ever before. The scale of this change amounts to a revolution, a major historical paradigm shift. The statistics mask a depth of pain that every pastor and counsellor knows only too well. We must face the inevitable questions: if faithfulness is no longer esteemed, why get married at all? What is marriage? What did God intend when he gave us marriage? Christopher Ash argues that our modern idolization of the sexual relationship contains within itself the seeds of its own destruction. To begin to rebuild a biblical confidence in marriage, we need to understand that the primary blessing and purpose of marriage is not sexual intimacy, but rather serving God in partnership. This in turn leads to the blessings of love, friendship, children, and order in society, and will help us to rediscover that faithfulness which is the heart of marriage. One of those precious rarities - a major piece of biblical scholarship which addresses an issue in today's headlines directly and warmly. One to own, not to borrow. -- David Field

Deeply scholarly, extraordinarily thorough and biblically faithful, as well as courageously fresh in rethinking the role of marriage in God's intention for human life. -- David Wright

Christopher Ash studied at Wycliffe Hall, Oxford, and then joined the staff at St. Andrew the Great, Cambridge. From there he headed to a church plant and is now Rector of All Saints, Little Shelford. He is married to Carolyn and they have four children.

30 devotional readings for couples from John Piper, Francis Chan, Nancy DeMoss Wolgemuth, and 10 others. / God designed marriage as a pointer to and catalyst for your greatest joy. It's not meant to be a storybook ending, but a fresh beginning, to help ready you for the true "happily ever after" when we see our great Bridegroom face to face. Abraham Lincoln's remarkable emergence from the rural Midwest and his rise to the presidency have been the stuff of romance and legend. But as Douglas L. Wilson shows us in *Honor's Voice*,

Lincoln's transformation was not one long triumphal march, but a process that was more than once seriously derailed. There were times, in his journey from storekeeper and mill operator to lawyer and member of the Illinois state legislature, when Lincoln lost his nerve and self-confidence - on at least two occasions he became so despondent as to appear suicidal - and when his acute emotional vulnerabilities were exposed. Focusing on the crucial years between 1831 and 1842, Wilson's skillful analysis of the testimonies and writings of Lincoln's contemporaries reveals the individual behind the legends. We see Lincoln as a boy: not the dutiful son studying by firelight, but the stubborn rebel determined to make something of himself. We see him as a young man: not the ascendant statesman, but the canny local politician who was renowned for his talents in wrestling and storytelling (as well as for his extensive store of off-color jokes). Wilson also reconstructs Lincoln's frequently anguished personal life: his religious skepticism, recurrent bouts of depression, and difficult relationships with women - from Ann Rutledge to Mary Owens to Mary Todd. Meticulously researched and well written, this is a fascinating book that makes us reexamine our ideas about one of the icons of American history.

Street-Level Apologetics: Where the Reason Meets the Road While the other titles in this series have been interactions with the best-selling published works of internationally renowned atheists, this fourth volume brings things down to a local scale. For several months in 2003-4, Douglas Wilson was involved in an ongoing debate on a Moscow, Idaho, listserv about various matters of concern to secularists. His contributions to the conversation (lightly edited) are collected in this book. Though the names of his opponents aren't as big (and have, in fact, been changed for this publication), Wilson's humor and sharp-mindedness are as bold and boisterous as ever, as is his concern for the souls of those who reject Christ. With a pastor's care for lost sheep, he calls them all to reason and to repentance. Douglas Wilson has been the pastor of Christ Church, Moscow, Idaho, for over forty years. He and His wife, Nancy, have three children and seventeen grandchildren. Doug is the author of scores of books, including *God Is. How Christianity Explains Everything*. You can read his blog at dougwils.com, follow him on Twitter at [@douglaswils](https://twitter.com/douglaswils), and watch him as the host of *Man Rampant*. The *Congressional Record* is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The *Congressional Record* began publication in 1873. Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States (1789-1824)*, the *Register of Debates in Congress (1824-1837)*, and the *Congressional Globe (1833-1873)*

Yes, I'm single . . . feel free to comment. Single women can sometimes be magnets for awkward questions . . . especially within the church community. With an emphasis on strong marriages and biblical childrearing, unmarried women in the church can begin to think that they are somehow on the sidelines. But this is not the case. In this helpful volume, Nancy Wilson provides straightforward counsel and encouragement for those struggling with "the wait." She addresses practical concerns like building a career but focuses more specifically on important relational issues such as interacting with competitive women,

respecting your parents even after you've left their home, establishing standards for male friends, and keeping the right outlook on your life. Whether a woman is called to singleness for a short time or for her whole life, she is called to be fruitful in God's kingdom. More than 25 percent of our marriages end in the tragedy of divorce, and over 72 percent of all teenage marriages terminate in the courtroom. A growing number of young people are so disillusioned with marriage that it is no longer even a desirable option for them. *Preparing for Your Marriage* prepares couples to enter into marriage with realistic expectations, developed roles, and with defined responsibilities and goals. Have you ever felt your marriage get cluttered up with sins and cumulative wrongs? Do you wish that you could deal with it, but don't know where to begin? Douglas Wilson loves to point out that the way you fix these sorts of sin pile-ups is the same way you declutter a garage: Begin with the first layer, work to the bottom, and then keep it clean. That's because the key to a good marriage is honest, complete, and humble confession of sin. This short little book, coming from a pastor with forty years of experience, offers concrete practical suggestions about how to confess sin properly and how to avoid other snares that married people tend to get snagged on, usually depending on whether they're the man or the woman. *Decluttering Your Marriage* will give you much gospel advice, with much gospel encouragement. Features an extra checklist to help implement this book in your day-to-day lives. *Her Hand in Marriage* is a short description and defense of Biblical courtship. *Something Has to Change...* You can't put it into words, but something is happening to you. Your stomach churns, your heart aches, and the tension in your marriage is making you feel weary and a little crazy. The constant criticism, disrespect, cruelty, deceit, and gross indifference are eroding your confidence and breaking your spirit. For any woman caught in an emotionally destructive marriage, Leslie Vernick offers a personalized path forward. Based on decades of counseling experience, her intensely practical, biblical advice will show you how to establish boundaries and break free from emotional abuse. Learn to: · identify damaging behaviors · gain the skills to respond wisely · promote healthy change · stay safe · understand when, why, and even how to leave · recognize that God sees and hates what is happening to you Trying harder to be a perfect fantasy wife won't help fix what's wrong your marriage. Discover instead how you can initiate effective changes to stop the cycle of destruction and restore hope for the future. "Women in an emotionally abusive marriage do not need another book on how to have a good marriage; those books rub salt in raw wounds. No, they desperately need this book so that they can diagnose just how bad their marriage is and then, with Leslie's clear expertise, develop a plan that will either begin to turn their marriage around...or give them a wise route of escape." —Dee Brestin, author of *Idol Lies* and *The Friendships of Women* As Nehemiah rebuilt the walls of Jerusalem, Gashmu and the enemies of Israel mocked him: "It is reported among the heathen, and Gashmu saith it, that thou and the Jews think to rebel..." (Neh. 6:6). Too many Christians building communities today take the taunts of every modern-day Gashmu seriously. Community is a buzzword, and it turns out there's a lot of bad advice about how to build one. In *Gashmu Saith It*, Douglas

Wilson includes forty years of experience for Christians wanting to build robust communities without retreat or compromise on the foundation of the Gospel. This book is full of wisdom: Get calluses. Be loyal. Fight sin. Build walls on the outside and a church in the middle. Obergefell v. Hodges was a wonderful decision--because it's now forcing every Christian to decide whether their allegiance is to the Supreme Court or to the Supreme Being. In every other way, it was a terrible decision. But understanding where it came from and how it impacts our public and private lives isn't so straightforward. And for Christians, most of that difficulty stems from the fact that we have mis-identified the nature of the current culture war. Homosexual rights are about sexual liberty--but only superficially. Primarily, gay marriage is about the right to control. Same-Sex Mirage starts to untangle the issues involved, beginning with the fundamentals of marriage and then tracing the effects of this foundational institution in every area of life. Is marriage a private matter--an agreement before God alone? Or is it public--a matter for legislation? But most Christians also need to think about the issues involved beyond the chapel. Does "marriage equality" affect public discourse? How should free speech play into this discussion? What does the Bible say about the Supreme Court, or repentance, or a theology of resistance? Obergefell was a disaster for our nation. And, as with every disaster, the biggest benefit is in determining how we Christians ignored all warnings and let it happen. "Our secular culture is trying to redefine marriage because the church first showed the way by redefining love." ~ Douglas Wilson

You Say You Want a Reformation? It is no secret that our world desperately needs change. Politicians know this and use it to collect votes. Journalists exploit it to sell newspapers and magazines. Advertisers, to sell everything else. Each of these groups (and countless others) spend their lives working to convince others that they hold the key to a better country, a better life, a better future. But what exactly is this change we all long for? And how can it ever come about? A Primer on Worship and Reformation proposes that true change begins, not with a process or an idea, but through faithful worship. To witness true global change -- true reformation -- we must first pray the Lord that we would see worship at the center of life. The truth is that when the Word is faithfully preached, even the gates of hell tremble. When the Psalms are sung, the meek inherit the earth. When the church celebrates at the Lord's Table, those who mourn are comforted. If we learn these lessons and believe them to be true, we will find that through renewed worship God brings change to every facet of our lives. With same-sex marriage igniting a firestorm of controversy in the press and in the courts, in legislative chambers and in living rooms, Andrew Sullivan, a pioneering voice in the debate, has brought together two thousand years of argument in an anthology of historic inclusiveness and evenhandedness. Among the selections included here: - The 2003 Massachusetts Supreme Judicial Court ruling in support of same-sex marriage - Justice Kennedy's majority opinion and Justice Scalia's dissent in the 2003 landmark Supreme Court decision striking down anti-sodomy laws - President George W. Bush's call for a Federal Marriage Amendment - John Kerry's Senate speech urging defeat of the Defense of Marriage Act - Harvard historian Nancy F. Cott's testimony before the

Vermont House Judiciary Committee - Reverend Peter J. Gomes on the distinction between civil and religious marriage - Stanley Kurtz on the politics of gay marriage - Evan Wolfson on the popularity of the right to marry among lesbians and gay men - New York Times op-ed columnist David Brooks' conservative case for same-sex marriage - Excerpts from Genesis, Leviticus, and other essential biblical texts - Aristophanes's classic theory of same-sex love, from Plato's Symposium - Hannah Arendt on marriage as a fundamental right - Camille Paglia's skepticism

Representing the full range of perspectives and the most cogent and arresting arguments, *Same-Sex Marriage* is essential to a balanced understanding of the most pressing cultural question we face today. *Defending Marriage: Twelve Arguments for Sanity* is a rousing, compelling defense of traditional, natural marriage. Here, Anthony Esolen—professor at Providence College and a prolific writer uses moral, theological, and cultural arguments to defend this holy and ancient institution, bedrock of society—and to illuminate the threats it faces from modern revolutions in law, public policy, and sexual morality.

Inside, discover:

- Traditional marriage's roots in age-old religious, cultural, and natural laws
- Why gay marriage is a metaphysical impossibility
- How acceptance and legal sanction of gay marriage threatens the family
- How the state becomes a religion when it attempts to elevate gay marriage, and enshrine as a civil right all consensual sex
- How divorce and sexual license have brought marriage to the brink
- How today's culture has impoverished and emptied love of its true meaning

In *Defending Marriage* Esolen expertly and succinctly identifies the cultural dangers of gay marriage and the Sexual Revolution which paved its way. He offers a stirring defense of true marriage, the family, culture, and love—and provides the compelling arguments that will return us to sanity, and out of our current morass. How do we build our sons to be tough but not arrogant? mannered but not soft? imaginative but not lazy? bold but not hollow? *Future Men* is a Christian guide to raising strong, virtuous sons, contrary to the effeminacy and sentimentalism of contemporary culture. When Theodore Roosevelt taught Sunday school for a time, a boy showed up one Sunday with a black eye. He admitted he had been fighting and on a Sunday too. He told the future president that a bigger boy had been pinching his sister, and so he fought him. TR told him that he had done perfectly right and gave him a dollar. The stodgy vestrymen thought this was a bit much, and so they let their exuberant Sunday school teacher go. What a loss. Unbelief cannot look past surfaces. Unbelief squashes; faith teaches. Faith takes a boy aside and tells him that this part of what he did was good, while the other part of what he did got in the way. "And this is how to do it better next time." As we look to Scripture for patterns of masculinity for our sons, we find them manifested perfectly in the life of the Lord Jesus Christ. He is the one who set the ultimate pattern for friendship, for courage, for faithfulness, and integrity. *Respect and the Christian Woman* Book Description. "Lord, here am I. Change him." "God, I'm trying. She started it." Common claims but they're so far from Trinitarian life. We invoke Christ at the wedding then seem to default to an alien theology afterward. In this simple and practical book, Doug Wilson offers a richer and more comprehensive theology of marriage than in his prior works. Here he grounds

marriage in the life of the Trinity and in the life of the church. Marriage is intended to be a glorious picture of the gospel, and marriages grounded elsewhere regularly create a small hell on earth. Don't miss the riches of marriage. Marriage is not a vending machine, and love is not two quarters to put into it. It's a manner of life, not an exchange of commodities. So what does it look like when a man loves a woman?" Douglas Wilson answers that question in *How To Exasperate Your Wife and Other Short Essays for Men*, and his responses are as wide-ranging and humorous as they are incisive and down to earth. He explains why men's distorted view of wisdom handicaps their understanding of their wives, and he exposes rigid (and wrong) approaches to marriage and relationships. He gives practical advice for identifying unhappy households ("Mom is ignored") and replacing abdicating dads with true leaders ("Measure strength not in decibels but performance"), all combined with hot tips on how to exasperate your wife (you may start with leopard underwear). Both realistic and insightful, *How to Exasperate Your Wife and Other Short Essays for Men* points husbands (and wives) towards a passionate married love that is particular, sacrificial, sacramental, and muy caliente. In the Garden of Eden, there was only one "No." Everything else was "Yes." In this short book on Christian childrearing, Douglas Wilson points out that we have a Father who delights in us and makes it easy for us to love and obey him. If that is the kind of Father we have, shouldn't we earthly parents do the same? Wilson explains how parents should not just try to get their kids to obey a set of rules or to make their house so fun that following the rules is always easy. Instead, he calls for parents to instill in their kids a love for God and His standards that will serve them well all their days. This book also features an appendix in which Doug and his wife Nancy answer various parents' questions about various applications of the principles discussed in this book. Filled with practical ideas and self-evaluation tools, *Father Hunger* both encourages and challenges men to "embrace the high calling of fatherhood," becoming the dads that their families and our culture so desperately need them to be. Satire is a kind of preaching. Satire pervades Scripture. Satire treats the foibles of sinners with a less than perfect tenderness. But, if a Christian employs satire today, he is almost immediately called to account for his "unbiblical" behavior. Yet Scripture shows that the central point of some religious controversies is to give offense. When Christ was confronted with ecclesiastical obstinacy and other forms of arrogance, he showed us a godly pattern for giving offense. In every controversy, godliness and wisdom (or the lack of them) are to be determined by careful appeal to the Scriptures and not to the fact of someone having taken offense. Perhaps they ought to have taken offense, and perhaps someone ought to have endeavored to give it. We live in a time when marital fidelity is under assault. Driven by the forces of relativism, our society attacks sexual faithfulness on numerous fronts. The push for homosexual marriages, for example, comes at the end of the fall into perversion, not the beginning. Faithless husbands began the fall long ago, and our culture, with all its washed-out self-help books, fails to address the real problem -- sin. Addressed to men, *Fidelity* hits hard, using clear language and focusing on specific sins with specific solutions: adultery,

divorce, polygamy, celibacy, pornography, and more. But in the end, the antidote to all sexual temptation is simple -- the godly honoring of the marriage bed: "Marriage is honourable in all, and the bed undefiled: but whoremongers and adulterers God will judge" (Heb. 13:4). Shows parents how to establish a faithful Christian culture in their homes and offers parents a guide to raising children using biblical principles.
